How to Register

REGISTRATION—WINTER, 1974

Registration for Winter Semester 1974 will involve several significant changes. It is important that all students understand these changes in order to take full advantage of the improved system.

The following is a summary of the highlights of the system:

1. ALL students will be involved in the advanced registration.
2. Course reservation forms will be made available on October 31, 1973, at your college advisement center:

Bio. and Ag. Sci.	General Studies
392 WIDB	150 BRMB
Business	Humanities
49 JKB	A 144 JKBA
Education	Nursing
131 MCKB	2247 SFLC
Eng. Sci. & Tech.	Physical Educ.
277 ESTB	212 RB
Family Living	Phys. & Math Sci.
1201 SFLC	271 ESC
Fine Arts & Comm.	Social Sciences
D444 HFAC	355 MSRB

   To minimize schedule adjustments, it is important to consider your course requests very carefully.
3. All course reservation forms must be returned to the Registration Office, B130 ASB, or to your College Advisement Center by November 21, 1973. If the form is not submitted by this date, you will be required to register late.
4. Each student is required to finalize his registration at the Richards Building on January 3, 4, or 5 according to the alphabetic sequence on the front page of this schedule. You may make adjustments to your schedule at that time. ALL CLASS CARDS NOT CLAIMED BY 4:00 P.M. MONDAY, JANUARY 7, 1974, WILL BE RELEASED TO STUDENTS REGISTERING LATE.

LATE REGISTRATION PENALTY

Students who fail to register on the regular registration dates must pay a late registration fee. If a student registers during the first five regular school days after scheduled registration, the fee is $5.00 After the first five days the fee is $10.00. The penalty rate for part-time students is one-half that charged to full-time students. A fraction of an hour is counted as a full hour for assessing fees.

ADMISSION OF EVENING-CLASS STUDENTS TO DAY SCHOOL

Students who are attending evening classes only and wish to transfer to day school and take daytime classes must submit application for admission to BYU prior to the established deadline dates for the semester they wish to attend. Application for admission may be obtained from the Office of Admissions, A-153 ASB.

ADMISSION TO CLASS

Students whose names are on the class roll are officially registered. If a student's name is not on the roll, he should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes three days after the completion of regular registration. Another roll is sent out during the third week which includes the names of all students registered for that class.

BLOCK-PLAN CLASSES

Any student desiring to register for a block-plan class must do so during his original registration at the start of the semester. This holds true whether or not the class is taught during the first or second half of the semester. No block-plan class may be added after Friday, February 15, 1974.

DROPPING AND ADDING CLASSES FOR WINTER SEMESTER

The key to reducing changes in registration is filling out the initial registration carefully.

If a student must make a change in registration, the change must be approved by the instructors involved. No changes in the initial registration may be made until Wednesday, January 9, 1974.

Students are permitted to drop or add classes Wednesday, January 9, 1974, through Friday, January 18, 1974, if their instructor(s) agrees that the change is advisable. In exceptional cases, students may withdraw from classes until March 1, 1974.

If a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is failing, his permanent record will carry a "WE." This is considered the same as an "E" in calculating a grade-point average.

If a student intends to change his registration he must follow four steps:

1. Obtain Change of Registration.
2. GET THE CONSENT AND SIGNATURES OF THE INSTRUCTORS INVOLVED.
3. PAY A $5 FEE TO THE UNIVERSITY CASHIER. This is necessary if the change is made January 19 or anytime thereafter. **Classes may not be added after Friday, January 18.**
4. TAKE THE CHANGE-IN-REGISTRATION CARD TO REGISTRATION PERSONNEL, B-130 ASB.

Late registration ends Friday, January 18, 1974. No student may register after that date.

If a student wishes to completely withdraw from school, he must clear through the office of the Dean of Student Life.

EVENING CLASSES

Daytime students taking evening classes (section 90 and above) must preregister for the courses at the same time they complete and submit the preregistration form to day school.

Those who register for **evening classes only** should register using the evening classes registration form and must submit the form through the mail by Friday, December 28, 1973. Late registration for those who fail to register by mail will be held in the Smith Family Living Center multipurpose area on Thursday, January 3, 1974, from 11:00 a.m. until 7:00 p.m. only.

Faculty and staff members who register for only evening classes must register by mail before Friday, December 28, 1973. Employee tuition cards must accompany the completed evening classes registration form.

LIMITATIONS OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 18 (freshman, 17) hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. Auditing of classes, registration for home sutdy, or registering for evening classes or off-campus courses constitute a part of the student's total registration. Exceptions to these rules should be presented to the Dean of Admissions and Records by the dean of the college concerned.

Other Academic Information

MAJOR REQUIREMENTS

A student must complete at least 20 semester hours in his major department and must satisfy any additional departmental requirements. A minimum of 10 semester hours must be earned on campus at BYU.

CHANGING COLLEGE OR MAJOR

A student who desires to transfer from one major to another, or from one college to another, may do so. However, he must clear this change through the deans of the colleges involved. Official change-of-major cards may be obtained from the office of the dean of the college in which the student is presently enrolled. After being properly signed, these cards must be turned in to the office of the dean of the student's new college one month prior to the next semester's registration.

WITHDRAWAL FROM BYU

No undergraduate student is officially withdrawn from the University unless he has obtained and completed the discontinuance form from the office of the Dean of Student Life.

If the student finds it necessary to totally discontinue all classes he must:

1. Obtain discontinuance forms from the Discontinuance Office, B-202 ASB, ext. 2723.
2. Obtain necessary signatures (explained on the form).
3. Have a personal interview and be signed out by a member of the Dean of Student Life staff. (The student may also be directed to an interview with the appropriate College Advisement Center).
4. Have his activity card invalidated (The photo ID will be retained by the student to be used if further enrollment is anticipated).

Discontinuances after March 1, 1974, will be granted only in unusual instances involving nonacademic emergencies.

Graduate School students and students enrolled only in Evening School classes will withdraw through those offices.

Students withdrawing before March 1, 1974, are not held responsible for course grades and a "W" will be entered on their transcript for each course. Grade reports for each class (Passing or Failing) will be required for withdrawals after the above date. A "W" will be entered on the transcript for passing work and a "WE" for failing work.

Students who depart the University under emergency conditions and who subsequently do not return during the semester or term should contact the Discontinuance Office, B-202 ASB, to initiate official termination of course enrollment.

REPEATING CLASSES

Students can repeat classes at BYU. This can be done in three ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from BYU department chairman.
3. Repeat at other institutions classes taken at the same institution—and then have the credit transferred to BYU.
4. Repeat at BYU through Home Study.

When a student repeats a class, the grade used to figure the student's grade-point average is the grade earned the last time the repeated class was taken. The student must notify the Records Office, B-150 ASB, that the class has been repeated during the next semester after the class is repeated.

INCOMPLETE GRADES

The letter "I" (incomplete) is used to indicate that work is not yet completed. It is given only when special prior arrangements for the completion of the specific work involved have been made between the teacher and the student. The "I" never is given when a student has failed or is failing the course. An "I" is regarded as a neutral grade for a period of one year, following which it will be changed to an "E" and calculated as such in the grade-point average. An authorization for Change of Incomplete form must be properly completed and submitted to the Records Office, B-150 ASB, within one year from the date the incomplete is given.

CLASS ATTENDANCE POLICY

BYU feels it is important that students attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only where the student is away representing the University on official business. All officially excused absences must be approved through the office of the Dean of Student Life.

Faculty should tell students what relationship attendance has to their final grade for the course. The student must take the responsibility for his actions. It is not necessary for the instructor to report absences to the office of the Dean of Student Life unless he has knowledge of an accident or illness which is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is the responsibility of the student.

HOME STUDY

Home Study is the University's "portable" program. It allows you to earn credit through correspondence work, on or off campus. There are 290 courses available, representing 45 departments. You may register for courses anytime during the year. For further information and a free catalog of courses, contact the Home Study Office, Room 210 HRCB, or telephone 374-1211, Ext. 2868. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday.

PERSONAL DEVELOPMENT PROGRAM

Although the major emphasis at Brigham Young University is on intellectual and spiritual development, the University is also concerned with the personal and social development of its students. With this in mind, a search was made for classes which will assist students with their personal and social development through a practical emphasis on learning by doing. Two types of courses were finally selected. The first are taught by faculty from established academic departments and carry academic credit (these are identified as Personal Development classes in the departmental listings of the class schedule). The second are experiential courses taught by faculty from the Personal Development Center and do not carry credit. These latter classes involve such topics as interpersonal communication, personal and social development, educational and vocational development, and training for lay counselors. For further information contact the Personal Development Center, Stewart House, Ext. 4201, or the Personal Development Program table at registration.

STUDENT CLASSIFICATION

At the beginning of each semester, students are classified for that semester as follows:

Credit Hours Earned	Classification
0 — 31.9	Freshman
32 — 63.9	Sophomore
64 — 95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

COURSE DIVISIONS

Classes are given numbers as follows:

Preparatory and remedial courses	1-99
Lower-division courses	100-299
Upper-division courses	300-499
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 or above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

GRADUATION APPLICATION FEE AND DEADLINE

Students applying for graduation should pick up their applications from their major department or College Advisement Center. The completed application, initiated by the major department, along with the $12 application fee should be submitted to the cashier by January 15 for students applying for April commencement and by May 15 for students applying for August commencement. Students not applying by their prescribed deadline will be automatically considered for the next commencement. All students are encouraged to apply for graduation early in their junior year (65 to 96 credit hours).

Registration For Faculty And Staff

FULL-TIME FACULTY AND ADMINISTRATIVE PERSONNEL

Full-time teaching faculty may register for courses of study up to six hours per semester and will not be required to pay the regular cost of tuition.**

Continuing faculty members **not** teaching during the Spring or Summer terms may take any amount of credit hours and will not be required to pay the regular cost of tuition during the term they are not teaching. Faculty members teaching during Spring or Summer terms may take a limit of three credit hours per term. A new faculty member may not take classwork during the Spring or Summer Term before he begins his school year teaching assignment.

The SPOUSE of a full-time teaching faculty member may register for courses of study with no limit as to the number of hours day or night and will not be required to pay the regular cost of the tuition.**

FULL-TIME REGULAR STAFF

Full-time regular staff may register for courses of study up to six credit hours per semester and will not be required to pay the regular cost of tuition for the first five credit hours. Courses may not be taken during regular working hours. Lunch hours, no matter when scheduled, may not be used for class attendance. During Spring or Summer terms, staff members may take a limit of three credit hours per term.**

After the staff employee has completed five years of continuous employment as a full-time regular staff member, his or her SPOUSE may register for courses without restriction as to time or number of credit hours day or night.**

PART-TIME FACULTY

Part-time faculty members (not graduate assistants) may enroll in classes for the number of credit hours up to the number of hours they teach, not to exceed five hours per semester (three hours per Spring or Summer term), and will not be required to pay the regular cost of tuition for the first five credit hours or less. Part-time faculty members will need to pay for any additional hours they wish to take.**

PART-TIME STAFF

All part-time staff members must pay the regular cost of tuition and fees for registration in courses.

EMPLOYEE TUITION CARDS

Cards indicating eligibility for **evening school only,** may be obtained at the Benefits Office, C-40 ASB. If an individual is registering for daytime **plus** evening classes, tuition authorization is obtainable from the Benefits Office table in the Richards PE Building during registration.

****SPECIAL NOTE**

Faculty members, administrative personnel, staff members, eligible spouses, and part-time faculty who wish to register for daytime classes must be properly admitted through the Admissions Office.

Applications for approval for employees to take daytime classes (7 a.m. to 5 p.m.) may be obtained at the Benefits Office, C-40 ASB, **PRIOR** to registration.

Academic Standards

To graduate from BYU, a student must have earned a 2.0 cumulative grade-point average on both his total college and BYU work. Academic standards regulating continuing student progress are consistent with the graduation requirements.

Students at any class level with a cumulative grade-point average of 2.0 or above will be considered in good academic standing. (Academic standing is determined by the cumulative grade-point average of credits earned at BYU.)

Academic Warning will be given if the semester grade-point average is below 2.0, even though the cumulative is at or above 2.0.

Academic Probation will be enforced when the cumulative grade-point average falls below 2.0.

Academic Suspension may result from a student's failure to bring his or her cumulative grade-point average up to 2.0 or above during the semester in which he or she is on academic probation. A student who has failed to achieve a 2.0 cumulative grade-point average during a probationary semester, and has not been suspended, can always attend Spring and Summer terms.

Readmission will be available to any students previously suspended for academic reasons who bring their cumulative grade-point average to at least 2.0 by such means as approved attendance at Spring and/or Summer terms or satisfactory completion of Home Study work. (Individual programs leading to reinstatement may be developed by arrangement with the Academic Standards Office.)

GRADE-POINT VALUES

A	4.0	B-	2.7	D+	1.4	UW	.0
A-	3.7	C+	2.4	D	1.0	WE	.0
B+	3.4	C	2.0	D-	.7	I	.0
B	3.0	C-	1.7	E	.0		

Tuition And Fees

The largest private school in the nation, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. Approximately 70 percent of the cost of operating the University is paid from the tithes of Church members. Because of this, students who are Church members or their families already have made a monetary contribution to the operation of the University. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational costs.

All students who register will be expected to pay tuition and fees prior to or at the time of registration. **Students are responsible to pay the correct amount of tuition and fees.** The University reserves the right to change these figures without notice.

In computing tuition, both undergraduate students and graduate students are considered full-time if enrollment is for over 8 credit hours. (Including audit and noncredit courses.)

TUITION AND GENERAL FEES

Undergraduate Students	**Fall Semester**	
	L.D.S. Member	**Non-Member**
Full-time (Over 8 credit hours)	$300.00	$450.00
Part-time	$ 10.00 Plus $30 per hour	$ 15.00 Plus $45 per hour
Graduate School Students		
Law School Students	$525.00	$787.00
MBA, MPA, and Master of Accountancy Students:		
Full-time (Over 8 credit hours)	$400.00	$600.00
Part-time	$ 20.00 Plus $40 per hour	$ 30.00 Plus $60 per hour
Other Graduate School Students		
Full-time (Over 8 credit hours)	*$300.00	*$450.00
Part-time	$ 10.00 Plus $30 per hour	$ 15.00 Plus $45 per hour
*Nonrefundable Overload Fee	$ 15.00 per hour over 16 hours	$ 15.00 per hour over 16 hours

A fraction of an hour is counted as a full hour in assessing fees. The charge for noncredit courses or for auditing courses is the same as for taking them for credit.

Noncredit courses are assessed on the basis of the number of hours involved in lecture classes. For example, 3 hours of lecture a week would be considered 3 semester hours and would be assessed accordingly. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees will be charged based on hours being carried during the semester, as determined by the supervising professor.

If a student takes a noncredit class, it can change his status from part-time to full-time. A student taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week would be considered a full-time student.

Part-time students are **not** eligible to purchase health insurance. They are also not entitled to health service, student activity privileges, or physical education suit and facility privileges. All part-time students enrolled in one or more of certain physical education classes must pay an additional $5. Students should check with the Cashier's Office for applicable classes.

ASSESSMENT ADJUSTMENT

After initial registration, a part-time student who increases the number of credit hours must pay for these additional hours **on the day they are added.** If he/she does not, a late fee will be assessed.

A full-time student dropping to part-time or a part-time student who decreases credit hours will be entitled to a tuition refund. A refund request must be initiated by the student through the Registration Office. **The activity card must be surrendered at this time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last day for adding classes. Refunds for courses dropped after that date will be subject to a 3 percent per day charge. This charge will be for the number of school days between the registration date and the drop date, and the rate is 3 percent of the difference between the original assessment and the adjusted assessment.

LATE REGISTRATION FEE

Late registration fees will be assessed all full-time and part-time students for failure to complete registration on scheduled dates. (NO EXCEPTION IS MADE REGARDLESS OF REASON FOR BEING LATE.)

1. First five regular school days following the scheduled registration date ..... $ 5.00
2. After the fifth day following the scheduled registration date $10.00

Late fees for part-time students will be assessed at 50% of the above rate.

Any student whose check is dishonored by the bank will be charged a handling fee of $5. If the check was for tuition, there will be an additional charge of the late fee in effect at the time the check is redeemed.

WITHDRAWAL REFUNDS

If a student withdraws from school, a refund will be made minus a charge of $10 ($5 for a part-time student). This withdrawal fee is assessed even though the student does not complete registration or attend school. In addition, there is a per-day charge of 3 percent of the total tuition and fees paid or payable for the semester. Students will be charged for the first day of the semester in which classes were held following the date they registered, to the day on which they report their withdrawal to the Office of the Dean of Student Life.

Late fees are not refundable.

Any refund due a student because of withdrawal from school will be made only by check, through the mail. It will be mailed approximately three weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Dean of Student Life's Office.

No refund will be granted to a student who is requested to withdraw for scholarship or other causes.

Security And Traffic

The Security Office is a protective agency established for the benefit of students, faculty, and staff. It maintains effective liaison with the local police department and is entrusted with the proper enforcement of campus rules and regulations. All matters concerning security or requiring police action should be referred to this office.

Another major responsibility of the Security Office is the control of campus traffic and parking. Every BYU student who owns, maintains, possesses, stores or drives any motor vehicle in or about the State of Utah or intends to drive any such vehicle on the BYU campus must register that vehicle with the Security Office within two (2) days after bringing it to the Provo area.

The Security Office also offers many other services to students and staff members, including the taking of fingerprints necessary for teaching certificates, government jobs, and ROTC during the hours of 10:00 a.m. and 12:00 noon Monday through Friday. In addition, an ambulance service is maintained in cooperation with the student health center, at a minimal cost.

AUTOMOBILE REGISTRATION

To obtain a parking or registration decal, the following must be presented at the Security Office, B-69 ASB:

1. Home-state vehicle registration certificate.
2. University activity card.
3. The appropriate fee.
4. The name of insurance company.

Students from out of state who do not have Utah plates may obtain a non-resident permit for the vehicle as long as they are full-time students. Full-time employees of the University or students whose wives are full-time employees do not qualify; they must purchase Utah plates and pay Utah property tax. Either a non-resident permit or Utah license plates must be obtained immediately upon registration at the University.

To obtain a nonresident permit, a student must present the following to the information booth located at 1200 North across from Helaman Halls between the hours of 8:00 a.m. and 4:00 p.m. Monday through Friday.

1. Home-state vehicle registration certificate.
2. Proof of current safety inspection from Utah or home state.
3. Fifty cents.
4. Verification of student status (activity card).

TRAFFIC REGULATIONS

Every student who is a resident of Utah or of a state other than these listed below must have a Utah license if he wishes to drive in Utah. The following states have entered into a compact and a license from any of them is good in all others:

Arizona	Indiana	New Mexico
Alabama	Iowa	New York
Arkansas	Kansas	Oklahoma
California	Louisiana	Oregon
Colorado	Maine	Tennessee
Delaware	Mississippi	Utah
Florida	Montana	Virginia
Hawaii	Nebraska	Washington
Idaho	Nevada	West Virginia
Illinois	New Jersey	

For further details regarding traffic rules and regulations, a TRAFFIC RULES AND REGULATIONS BOOKLET may be obtained at no charge from the Security Office located in the Abraham O. Smoot Administration and General Services Building. All faculty/staff members and students will be responsible for the information contained therein.

Brigham Young University maintains a zoned parking system. Upperclass permits are $6 per semester for juniors, seniors, and graduates. Lowerclass permits are $3 per semester and available to all students. The required registration is free but allows no campus parking until after 4:00 p.m.

General Education Requirements

GENERAL EDUCATION PROGRAM

A candidate for a bachelor's degree at Brigham Young University must satisfy all of the general education requirements described below.

AREA REQUIREMENT

AMERICAN HISTORY AND GOVERNMENT. The general education requirement in this area may be satisfied by completing one of the following courses or combination of courses: Hist. 170; Hist. 120 and 121; Hist. 121 and Pol. Sci 110. A student can take an examination that will, if passed, satisfy the American history and government requirement. (Check with the University Testing Center, B-280 ASB, for testing dates.)

BIOLOGICAL SCIENCE. A student must complete a minimum of 6 semester hours selected from the following approved courses:

Biological and Agricultural Education
105 (3) Agricultural Science and Industry
200R (V) Biosciences and Man
201 (4) Introduction to Biology
250 (3) Environmental Biology
276 (3) Heredity
351 (3) Natural History for Elementary Teachers
376 (3) General Genetics

Botany: any botany course with a number below 490, except 161, 469 and 480.

Honors
213R (3-5) Biology.

Microbiology: all courses with numbers below 490.

University Studies 101 (3) Introduction to Biological Science.

Zoology: all courses with numbers below 490, except 381.

ENGLISH COMPOSITION. Each student must earn 3 semester hours by completing English 111 during his freshman year. He must earn an additional 3 hours by taking English 212, 215, or 251 during his

sophomore year, or English 316 during his junior year. The student's major department will designate which of the latter courses he should take.

HEALTH. This requirement may be satisfied by completing 2 semester hours of approved course work or by special examination arranged for with the Department of Health Sciences. Health 130 and Nursing 106 and 156 are the courses approved to fill the health requirement. Beginning fall semester, 1974, students majoring in elementary education may take Health 361, while students majoring in Secondary Education may take Health 362, to fill the Health requirement.

HUMANITIES AND FINE ARTS. A student must complete a minimum of 6 semester hours selected from the following approved courses:

Art: all undergraduate courses in art history and appreciation and—

101 (2) Introduction to Art
102 (2) Basic Design for Nonmajors
103 (2) Drawing for Nonmajors
104 (2) Sculpture for Nonmajors
105 (2) Ceramics for Nonmajors
106 (2) Crafts for Nonmajors
107 (2) Painting for Nonmajors
109 (2) Design for Technology
110 (2) Design for Everyday Life
205 (2) Advanced Ceramics for Nonmajors
206 (2) Advanced Crafts for Nonmajors
207 (2) Advanced Painting for Nonmajors
311 (3) Survey of Art and Architecture
312 (3) Survey of Art and Architecture
415 (3) Special Topics in Art History

Communications
101 (2) Introduction to Mass Communication
201 (2) The Communications Process

English: all undergraduate literature courses except 251.

Foreign languages: all undergraduate literature courses.

Humanities and Comparative Literature: all undergraduate courses.

Interior Design
240, 330, 331, and430

Music
101 (3) Introduction to Music
103 (2) Survey of Music Literature
484, 485 (3 ea.) History of Music

Philosophy: all undergraduate courses except 205, 354.

Speech and Dramatic Arts
101 (3) Speech Communication
102 (2) Introduction to Public Speaking
115 (2) Introduction to the Theatre
121 (3) Voice, Diction, and Interpretation
301 (2) Business and Professional Communication

PHYSICAL EDUCATION. A minimum of 2 semester hours, selected from any of the Physical Education 100-series courses, will satisfy the physical education requirement. One-half credit hour should be taken each semester in the freshman and sophomore years. Students expecting to complete this requirement with credit for military service or through other University-approved programs should check with the Graduation Office, B-150 ASB.

PHYSICAL SCIENCE. A student must complete a minimum of 6 semester hours selected from the following:

Chemistry: all undergraduate courses.
Geology: all undergraduate courses.
Physics: all undergraduate courses.
Statistics
221 (3) Principles of Statistics

RELIGION. One religion class is required for each full-time registration (10 semester hours or more) by an undergraduate student at BYU until a total of 14 semester hours in religion has been earned. Part-time students must complete one religion class for every 16 hours of BYU credit completed.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. All undergraduate students must obtain college-level credit for the equivalent of 4 semester hours in Book of Mormon. In computing the 14 semester-hour total requirement, no more than 3 hours of religion credit at BYU or elsewhere will be counted from any one quarter or semester.

Special Situations:

1. **Transfer Credit from LDS Colleges and Institutes.** A student may transfer religion credit to BYU to meet the general education requirement in religion. No more than 3 hours of religion credit will be counted from any one quarter or semester. A transfer student will be required to complete one religion class per semester at BYU until such time that the transfer religion credit and the BYU religion credit satisfy the 14-semester-hour requirement.

   Institute credit will be appraised as follows: Credit will be accepted only if the institute director certifies that the course was taken for institute credit and was in conformance with college standards. If the transfer college credit and the institute credit combined exceed that permitted at BYU, the student must indicate to the Office of Admissions and Records the courses for which he desires to receive credit.
2. **Students Required to Study Off Campus.** If a student is required to study off campus as a part of his degree requirements, he is required to register for religion during that semester through Home Study, a BYU continuing education center, or LDS Institute.
3. **Bible Credit from Non-LDS Colleges and Universities.** Bible credit from accredited non-LDS universities and colleges **will not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.
4. **Credit Completed at Centers for Continuing Education.** A student must complete one religion class for every 16 hours of academic credit completed at BYU centers for continuing education.
5. **Requirements for Second Baccalaureate Degree Candidates.** Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester.

SOCIAL SCIENCE. A minimum of 5 semester hours must be completed from the following approved courses:

Agricultural Economics.
112 (3) Economics and Agriculture
350R (3) Land and Range Economics
355 (3) Rural Development Economics
450 (3) Natural Resource Economics
Anthropology. All undergraduate courses.
Archaeology. All undergraduate courses.
Asian studies. All undergraduate courses.
CDFR.
210 (3) Child Development
360 (3) Achieving Success in Marriage
361 (3) Family Relationships
Economics. All undergraduate courses.
Geography. All undergraduate courses.
History. All undergraduate courses.
Philosophy 312 and 355
Political Science. All undergradu e courses.
Psychology. All undergraduate courses except 370 and 374.
Recreation Education.
337 (2) Philosophy of Recreation.
Sociology. All undergraduate courses except 205 and 206.
University Studies 107

OTHER REQUIREMENTS

A candidate for the bachelor's degree must also complete one of the following two options:

Language. Successful completion of a 201 (intermediate-level) foreign-language course or its equivalent. This requirement may also be fulfilled by successfully completing a 301 foreign-language class or any more advanced language, literature, or culture class in a particular foreign language.

Mathematics, Statistics, Logic. Six semester hours selected from the following:

Mathematics: all undergraduate mathematics courses numbered 105 or higher.

Science: any undergraduate course having a prerequisite of Math 105 or higher.

Statistics: all undergraduate statistics courses having a prerequisite of Math. 105 or higher.

Logic: all undergraduate courses in deductive or inductive logic (Phil. 205) and in the philosophy of science (Phil. 354, Physics 300) and certain courses peculiarly suited to illustrate the application of formal logic in th edevelopment of a discipline or tool area (*Comput. Sci. 130, 131, 132, 133; Physics 110).

Other basic courses especially suited to develop the capacity of the student to apply mathematics to scientific problems (must have a prerequisite of Math. 105 or higher). The following BYU courses are accepted in this area:

Biological and Agricultural Education.
- 201 (4) Introduction to Biology
- 321 (2) History and Philosophy of Biology
- 376 (3) General Genetics

Chemistry.
- 105 (4) General College Chemistry
- 111 (3) Principles of Chemistry

Geology.
- 311 (3) Structural Geology

Economics
- 488 (3) Introduction to Econometrics

Microbiology.
- 331 (5) Microbiology

Physics.
- 105 (3) Introductory Physics

Psychology.
- 374 (3) Experimental Psychology

Certain courses peculiarly suited to illustrate the application of formal logic in the development of a discipline or tool area. BYU courses in this category are:

*Computer Science.
- 130 (3) Introductory Computing
- 131 (3) Scientific Computing
- 132 (3) Computer Organization and Programming
- 133 (3) Business Computing

Physics
- 110 (3) The Development of Scientific Thought
- 300 (3) Philosophical Foundations of Modern Physics

*Only one computer science class may be used in the mathematics-statistics-logic area.

TRANSFER CREDIT EVALUATION

All transfer credit that represents college-level work from accredited institutions will be accepted. Students who transfer to BYU will have their transcripts evaluated by the Transfer Evaluation Office and will be notified in writing of the general education requirements remaining to be completed.

BYU has generally followed a pattern of course-for-course equivalency evaluation, evaluating credits on the basis of BYU general education programs and accepting all transfer credit for courses reasonably equivalent to BYU courses. In this area-by-area evaluation it is important to note that when a student takes a course at another accredited institution that counts in a given education area at that institution, we, in our evaluation for general education credit, allow that course to count in the same area.

The chairman of the student's major department evaluates other transfer credit for classes that may be used to meet major or minor requirements.

POLICY ON HOLDERS OF THE ASSOCIATE DEGREE. The University's policy for a student with an associate degree who transfers to BYU is as follows: If the procedure for earning general education credit at his junior college is similar to that followed by BYU and if the student has fulfilled some requirements in all areas and does not lack more than 5 hours in reaching the BYU total-hour requirements in general education, the student will be admitted to BYU with general education requirements considered completed.

GRADUATION

BACHELOR'S DEGREES

CREDIT REQUIREMENTS. A candidate for a bachelor's degree must complete a minimum of 128 semester hours of credit.

UPPER-DIVISION REQUIREMENTS. A minimum of 40 semester hours of upper-division credit (classes numbered 300-599) is required for a bachelor's degree.

MAJOR REQUIREMENTS. A student must complete at least 20 semester hours in his major department, 10 of which must be earned on the BYU campus. He must also satisfy any additional departmental requirements.

RESIDENCE REQUIREMENTS. At least 30 semester hours of credit taken in residence at BYU are required for a bachelor's degree. A maximum of 10 semester hours earned at BYU centers for continuing education or at an LDS Institute may be applied toward this 30-hour requirement. A student must register and be on campus during two semesters—not necessarily consecutive—to satisfy the residence requirement.

SECOND BACHELOR-DEGREE REQUIREMENTS. A student will qualify for a second bachelor's degree when the following requirements are satisfied: (1) BYU general education requirements, (2) major requirements, (3) minor requirements, (4) residence requirement of 30 additional hours beyond the first bachelor's degree, (5) religion requirements, and (6) all other graduation requirements set forth in the catalog for bachelor's degree candidates. An additional 30 hours beyond the last degree including a minimum of 10 hours within the major are required.

GENERAL EDUCATIONAL REQUIREMENTS. A candidate for a bachelor's degree must satisfy the following general education requirements:

Area Requirements	Semester Hours Required
American history and government	3
Biological science	6
English composition	6
Health	2
Humanities	6
Physical Education	2
Physical science	6
*Religion	14
Social Science	5

One of the two options described below:

A. Mathematics, statistics, logic	6
B. Foreign language	8 hours of advanced credit

*Two hours of religion are required per semester (10 hours or more) in residence, including Spring and Summer terms, for freshmen, sophomores, and juniors. One hour per semester is required for seniors. Part-time registration at BYU or a continuing education center requires one religion course for each 16 hours. No more than 3 hours of religion credit at BYU or elsewhere will be counted for any one quarter or semester.

Book of Mormon 121 and 122 are required of all students. Religion 421 and 422 are offered for returned missionaries and transfer students as a substitute for this requirement.

See the section entitled. "General Education Program" for additional and more detailed information.

Academic Regulations

GRADE-POINT-AVERAGE REQUIREMENT. All degree-seeking students must achieve at least a 2.00 (C) cumulative grade-point average by the beginning of the semester in which they plan to graduate. Transfer students must have at least a 2.00 (C) grade-point average for both their residence credit at BYU and for their total college credit.

CORRESPONDENCE CREDIT. A maximum of 24 semester hours of correspondence credit may be applied toward fulfillment of the 128 semester-hour requirement.

"D" GRADE CREDIT. Not more than 18 semester hours of "D" grade credit may be applied toward completion of the bachelor's degree requirements, nor more than 10 semester hours of "D" grade credit for the associate-degree requirement.

ASSOCIATE DEGREES

Upon completion of an approved two-year curriculum, the Associate of Science degree or the Associate of Arts degree will be awarded at the regular University graduation exercises. A minimum of 64 semester hours of credit is required (Nursing requires 73 hours). A candidate for an associate-degree must satisfy the following general education requirements:

	Associate of Science	Associate of Arts
English	6	6
American History	3	3
Health	2	2
Physical education	1	1
Humanities	2	3
Biological science	2	3
Physical science	2	3
Social science	2	3

*One religion class is required per semester in residence, including Spring and Summer terms. Religion 121 and 122 or 421 and 422 are required of all students.

Exceptions:

1. Two-year Engineering Technician students are not required to complete the biological science and social science general-education groups.
2. Nursing students are not required to complete the humanities general-education group or Health 130.

Of the total of 64 credits, at least 20 must be taken in residence; a total of 12 credits may be taken by correspondence. However, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at a BYU center for continuing education or an LDS Institute as a matriculated student will satisfy the residence requirement for the two-year program. A maximum of 10 "D" credits will be accepted, but both cumulative and BYU grade-point averages of 2.00 or above are required. Students completing one of these programs may, if they desire, continue their work toward a baccalaureate degree.

For specific programs in fields offering associate degrees, see the "List of Courses" section of the **General Catalog.**

JUNIOR ENGLISH PROFICIENCY EXAMINATION

Passing the Junior English Proficiency Examination is a graduation requirement that should be met during the junior year, preferably as soon as the student is eligible. Clearance for graduation must be accomplished at least one month prior to graduation. To be eligible for the examination, a student must have completed his freshman English requirements and have at least 64 semester hours of credit.

A grade of B- or better from on-campus classes in English 212, 215, 251, or 316 (earned after September 1, 1971) will satisfy the Junior English Proficiency Examination requirement. The intent of this provision is not to waive the requirement but to have the student fulfill it by writing several good in-class essays under examination conditions. Failing to do that, the student may not be awarded a grade above C+, regardless of whatever excellence he may otherwise achieve in the class. Such is the importance the University places upon unaided, impromptu writing.

The examination is offered twice each semester on dates announced in the calendar; admission is by appointment card only. Students may obtain the cards—which specify time, place, and other pertinent information—from their own college advisement center and should plan to take the examination early enough so that they are not involved with it near graduation time (junior students always will receive preferential consideration for appointments).

The examination is free at scheduled times but may be taken at other times upon payment of a $10 fee.

Students who fail the exam should undertake some significant remedial study, either independently with or without a tutor or by registering for English 15, "Remedial English for Juniors," which is offered each block.

The Junior English Proficiency Examination is a standardized test that measures comprehensively the full range of skills involved in good writing and effective, appropriate expression. In one section of the test the student is asked to deal with weaknesses in a composition. From a list of four choices, he selects the revision which best solves the writing problem. In another section of the test the student is asked to write a theme on a topic supplied by the examiner. The theme tests the student's ability to limit, organize, and develop a topic, and to use the language competently. The test dates are January 19, 1974, and March 9, 1974.

New Academic Information

UNDECLARED SCIENCE MAJORS

A new category, Science Fundamentals, has been established in three science colleges and General Studies for undeclared science majors. The major code number is 922. These categories have been established because many of you are interested in science but are not yet able to commit yourself to a specific major and because if you do not include certain fundamental subjects in your first semester of study you will extend the time required to graduate. Therefore, if you are unsure of a major but interested in science, you should enroll in the category of Science Fundamentals in the appropriate scientific college (Biological and Agricultural Sciences, Engineering Sciences and Technology, or Physical and Mathematical Sciences), or in the College of General Studies. The necessary information about the fundamental subjects that you should study will be provided by the Advisement Center in that college.

ASSOCIATE DEGREE IN PUBLIC HEALTH A NEW INDIAN PROGRAM

A new Associate of Art degree in public health is being offered at BYU starting Winter Semester. Although the coursework for the degree will be interdisciplinary, the Department of Health Science will have administrative responsibility for the program. This 62-hour degree will include 32 hours of general education requirements and 32 hours devoted to the public health curriculum. The public health curriculum will have 18-22 hours of core classes and 12 hours in one of four speciality areas: alcoholism, mental health, nutrition, and sanitation and public health. The program will consist of both on-campus education and supervised internship experience.

Although this degree will be available to all students, this program is tailored especially to suit the needs of Indian students and their reservation communities. There is a rapidly increasing need among

the allied health professions for college-trained people with less than a baccalaurete degree. This program will allow students to attend college for fewer than four years and still obtain a degree in an area of employment demand. The program will include contractual agreements with tribal leaders for guaranteed employment to Indian students upon graduation.

LANGUAGE PROFICIENCY ADVANCEMENT PROGRAM

Under the new proficiency advancement program at Brigham Young University, students studying French, German, and Spanish may achieve basic objectives as rapidly as they like and may earn from four to eight hours of language credit in one semester. Several sections of 101 and 102 classes are offered at the same hour. Students who have had one year of high school language or who are highly motivated and eager to learn a language as rapidly as possible should enroll in the first section listed at each of these hours. Section transfers and adjustments will be made during the first few weeks after registration so that each student can learn at a speed and at a level commensurate with his language background and his ability and desire to learn.

Grades will be given for each lesson completed. If a student is dissatisfied with his grade for any one lesson, he may study harder and retake the examination to improve his grade. Grade-improvement examinations must be taken prior to the completion of the next lesson. Students who find the pace too fast in one class may choose to transfer to a slower section. Help sections will be provided for students who are experiencing difficulty with some aspect of their language study. Special classrooms are reserved for testing purposes and for practicing conversation. For further information, consult the language department involved.

NEW BIOLOGY GENERAL EDUCATION CURRICULUM

The general education requirement in Biological Sciences (6 credits), can now be satisfied through a new program entitled "Phase Achievement System" (PAS), which has been designed to accommodate the specific interests of each student. PAS **(identified in the Class Schedule as Bioscience and Man, 200R in the Biological and Agricultural Education Department)** allows students to study those biological topics (phases) that are most interesting and/or important to them at their own speed, whenever they want, and also determine their own grade. Lectures and examinations for the phases, are offered repeatedly throughout the year to assist in student's learning, and to allow them to repeat the examinations as many times as necessary to achieve whatever grade they desire. Registration is required, and can be completed during preregistration, regular registration, or any time through March 29, 1974. Additional information concerning PAS can be obtained from 513 WIDB, or by calling Clive D. Jorgensen at Ext. 3417. Students may also write to Brigham Young University, Clive D. Jorgensen, Department of Zoology, Provo, Utah 84602.

UNIVERSITY STUDIES 115. PRACTICAL DECISION-MAKING (1 cr. hr.)

The course systematically considers the decision-making process, emphasizing realistic educational and vocational choices. The development of creative thinking, the exploration of career information, and the assessment of alternative solutions to problems all aid the student in obtaining satisfying goals through improving decision-making skills.

HEALTH REQUIREMENTS FOR EDUCATION MAJORS

Effective September 1, 1973, education majors who complete Health 361 or 362 are exempted from Health 130, the general-education requirement.

EDUCATION ADMINISTRATION MAJORS

Community School Administration—Programs offered in cooperation with the Department of Recreation Education at the master's and doctoral level to prepare students for positions of leadership in community school programs. Programs lead to administrative endorsements of the basic and professional certificates. Contact Dr. Ralph B. Smith (207 MCKB) or Dr. J. Keith Rogers (280 RB).

Elementary School Administration—Program at the master's level designed to prepare students for positions as vice-principal and principals of elementary schools. Program leads to administrative endorsement to the professional certificate. Contact Dr. Del Wasden (127 MCKB).

Community College Administration—Program at the doctoral level designed to prepare students for positions as directors, deans, and presidents of community junior colleges. Contact Dr. Ralph B. Smith (207 MCKB).

Secondary School Administration—Program at the master's level designed to prepare students for positions as vice-principal and principal of secondary schools. Program leads to administrative endorsement of the basic professional certificate. Contact Dr. Glen F. Ovard (126 MCKB).

Public School Administration—Programs at the specialist and doctoral levels designed to prepare students as administrators of elementary and secondary schools, and as assistant superintendent and superintendent in school districts. Programs lead to administrative endorsement of the professional certificate. Contact Dr. Percy E. Burrup (207 MCKB).

Supervision—Program at the specialist level designed to prepare students as elementary and secondary supervisors of instruction in general curriculum or special subjects or service areas. Program leads to supervisory endorsement of professional certificate. Contact Dr. Glen F. Ovard (126 MCKB).

Academic Regulations

REGISTRATION—SPRING AND SUMMER TERMS 1974

Registration for Spring and Summer Terms will involve advanced registration by all students. The following is a summary of the highlights of the advanced registration system:

1. All students will be involved in the advanced registration.
2. Course reservation forms will be available on February 10, 1974, for Spring Term and April 28 for Summer Term at your College Advisement Center:

Biological and Agricultural Sciences	392 WIDB
Business	49 JKB
Education	131 MCKB
Engineering Science and Technology	277 ESTB
Family Living	1201 SFLC
Fine Arts and Communications	D444 HFAC
General Studies	150 BRMB
Humanities	A144 JKBA
Nursing	2247 SFLC
Physical and Math Sciences	271 ESC
Social Sciences	355 MSRB

To minimize schedule adjustments, it is important to consider your course requests very carefully.

3. All course reservation forms must be returned to your College Advisement Center by March 13, 1974, for Spring Term and May 23, 1974, for Summer Term. If the forms are not submitted by these dates, you will be required to late register.
4. Each student is required to finalize his registration at the Richards Building on April 26 for Spring Term and June 21 for Summer Term, according to the appropriate alphabetic sequence on the front page of this Class Schedule. You may make adjustments to your schedule at that time. All class cards not claimed by 3:00 p.m. on the day of regular registration for both Spring and Summer terms will be released for students registering late.

LATE REGISTRATION PENALTY

Students who fail to register on the regular registration dates must pay a late registration fee. If a student registers during the first three regular school days after scheduled registration, the fee is $2.50. After the first three days the fee is $5.00. The penalty rate for part-time students is the same as that charged to full-time students. A fraction of an hour is counted as a full hour for assessing fees.

ADMISSION OF EVENING-CLASS STUDENTS TO DAY SCHOOL

Students who are attending evening classes only and wish to transfer to day school and take daytime classes must submit application for admission to BYU prior to the established deadline dates for the semester they wish to attend. Application for admission may be obtained from the Office of Admissions, A-153 ASB.

ADMISSION TO CLASS

Students whose names are on the class roll are officially registered. If a student's name is not on the roll, he should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes three days after the completion of regular registration. Another roll is sent out during the third week which includes the names of all students registered for that class.

DROPPING AND ADDING CLASSES FOR SPRING TERM

The key to reducing changes in registration is filling out the initial registration carefully.

If a student must make a change in registration, the change must be approved by the instructors involved. No changes in the initial registration may be made until Wednesday, May 1, 1974.

Students are permitted to drop or add classes Wednesday, May 1, 1974, through Tuesday, May 7, 1974, if their instructor(s) agree that the change is advisable. In exceptional cases, students may withdraw from classes until May 29. Withdrawal after May 29 are granted only for non-academic emergencies.

If a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is failing, his permanent record will carry a "WE." This is considered the same as an "E" in calculating a grade-point average.

If a student intends to change his registration he must follow four steps:

1. Obtain Change of Registration.
2. GET THE CONSENT AND SIGNATURES OF THE INSTRUCTORS INVOLVED.
3. PAY A $5 FEE TO THE UNIVERSITY CASHIER. This is necessary if the change is made May 8 or anytime thereafter. **NO classes may be added after Tuesday, May 7.**
4. TAKE THE CHANGE-IN-REGISTRATION CARD TO REGISTRATION PERSONNEL, B-130 ASB.

Late registration ends Tuesday, May 7, 1974. No student may register after that date.

If a student wishes to completely withdraw from school, he must clear through the office of the Dean of Student Life.

DROPPING AND ADDING FOR SUMMER TERM ONLY

No changes in the initial registration may be made until Wednesday, June 26, 1974. Students may drop or add from Wednesday, June 26, 1974, through July 2, 1974, without a fee. In exceptional cases, students may withdraw from classes until July 23. Withdrawals after July 23 are granted only for non-academic emergencies.

After July 25, if a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is failing his permanent record will carry a "WE." This is considered the same as an "E" in calculating a grade-point average.

EVENING CLASSES

Daytime students taking evening classes (section 90 and above) must preregister for the courses at the same time they complete and submit the preregistration form to day school.

Those who register for evening classes only should register using the evening classes registration form and must submit the form through the mail by Wednesday, April 17, 1974, for Spring Term and Wednesday, June 12, 1974, for Summer Term. Late registration by mail will be held in the Smith Family Living Center multipurpose area on Tuesday, April 25, 1974, from 11:00 a.m. until 7:00 p.m. for Spring Term, and on Friday, June 21, 1974 from 11:00 a.m. until 7:00 p.m. for Summer Term.

Faculty and staff members who register for only evening classes must register by mail before Wednesday, April 10, 1974, for Spring Term and Wednesday, June 5, 1974, for Summer Term. Employee tuition cards must accompany the completed evening classes registration form.

LIMITATIONS OF CREDIT IN ONE TERM

Undergraduate students in good standing may register for as many as 9 hours of credit in any one term by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for hours in excess of 9.

MAJOR REQUIREMENTS

A student must complete at least 20 semester hours in his major department and must satisfy any additional departmental requirements. A minimum of 10 semester hours must be earned on campus at BYU.

CHANGING COLLEGE OR MAJOR

A student who desires to transfer from one major to another, or from one college to another, may do so. However, he must clear this change through the deans of the colleges involved. Official change-of-major cards may be obtained from the office of the dean of the college in which the student is presently enrolled. After being properly signed, these cards must be turned in to the office of the dean of the student's new college one month prior to the next semester's registration.

WITHDRAWAL FROM BYU

No undergraduate student is officially withdrawn from the University unless he has obtained and completed the discontinuance form from the office of the Dean of Student Life.

If the student finds it necessary to totally discontinue all classes he must:

1. Obtain discontinuance forms from the Discontinuance Office, B-238 ASB, ext. 2731.
2. Obtain necessary signatures (explained on the form).
3. Have a personal interview and be signed out by a member of the Dean of Student Life staff. (The student may also be directed to an interview with the appropriate College Advisement Center).
4. Have his activity card invalidated (The photo ID will be retained by the student to be used if further enrollment is anticipated).

Discontinuances after May 29 (Spring Term) or July 23 (Summer Term) will be granted only in unusual instances involving nonacademic emergencies.

Graduate School students and students enrolled only in Evening School classes will withdraw through those offices.

Students withdrawing before May 29 (Spring Term) or July 23 (Summer Term), are not held responsible for course grades and a "W" will be entered on their transcript for each course. Grade reports for each class (Passing or Failing) will be required for withdrawals after the above date. A "W" will be entered on the transcript for passing work and a "WE" for failing work.

Students who leave the University under emergency conditions and who subsequently do not return during the semester or term should contact the Discontinuance Office, B-202 ASB, to initiate official termination of course enrollment.

REPEATING CLASSES

Students can repeat classes at BYU. This can be done in three ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from BYU department chairman.
3. Repeat at other institutions classes taken at the same institution—and then have the credit transferred to BYU.
4. Repeat at BYU through Home Study.

When a student repeats a class, the grade used to figure the student's grade-point average is the grade earned the last time the repeated class was taken. The student must notify the Records Office, B-150 ASB, that the class has been repeated during the next semester after the class is repeated.

INCOMPLETE GRADES

The letter "I" (incomplete) is used to indicate that work is not yet completed. It is given only when special prior arrangements for the completion of the specific work involved have been made between the teacher and the student. The "I" never is given when a student has failed or is failing the course. An "I" is regarded as a neutral grade for a period of one year, following which it will be changed to an "E" and calculated as such in the grade-point average. An authorization for Change of Incomplete form must be properly completed and submitted to the Records Office, B-150 ASB, within one year from the date the incomplete is given.

CLASS ATTENDANCE POLICY

BYU feels it is important that students attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only where the student is away representing the University on official business. All officially excused absences must be approved through the office of the Dean of Student Life.

Faculty should tell students what relationship attendance has to their final grade for the course. The student must take the responsibility for his actions. It is not necessary for the instructor to report absences to the office of the Dean of Student Life unless he has knowledge of an accident or illness which is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is the responsibility of the student.

HOME STUDY

Home Study is the University's "portable" program. It allows you to earn credit through correspondence work, on or off campus. There are 290 courses available, representing 45 departments. You may register for courses anytime during the year. For further information and a free catalog of courses, contact the Home Study Office, Room 210 HRCB, or telephone 374-1211, Ext. 2868. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday.

PERSONAL DEVELOPMENT PROGRAM

Although the major emphasis at Brigham Young University is on intellectual and spiritual development, the University is also concerned with the personal and social development of its students. With this in mind, a search was made for classes which will assist students with their personal and social development through a practical emphasis on learning by doing. Two types of courses were finally selected. The first are taught by faculty from established academic departments and carry academic credit (these are identified as Personal Development classes in the departmental listings of the class schedule). The second are experiential courses taught by faculty from the Personal Development Center which may or may not carry credit. These latter classes involve such topics as interpersonal communication, personal and social development, educational and vocational development, and training for lay counselors. For further information contact the Personal Development Center, Stewart House, Ext. 3035 or C-273 ASB.

STUDENT CLASSIFICATION

At the beginning of each semester, students are classified for that semester as follows:

Credit Hours Earned	Classification
0 — 31.9	Freshman
32 — 63.9	Sophomore
64 — 95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

COURSE DIVISIONS

Classes are given numbers as follows:

Preparatory and remedial courses	1-99
Lower-division courses	100-299
Upper-division courses	300-499
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 or above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

GRADUATION APPLICATION FEE AND DEADLINE

Students applying for graduation should pick up their applications from their major department or College Advisement Center. The completed application, initiated by the major department, along with the $12 application fee should be submitted to the cashier by May 17 for students applying for August commencement and by January 13 for students applying for April commencement. Students not applying by their prescribed deadline will be automatically considered for the next commencement. All students are encouraged to apply for graduation early in their junior year (65 to 96 credit hours).

Registration For Faculty And Staff

FULL-TIME FACULTY AND ADMINISTRATIVE PERSONNEL

Full-time teaching faculty may register for courses of study up to six hours per semester and will not be required to pay the regular cost of tuition.**

Continuing faculty members **not** teaching during the Spring or Summer terms may take any amount of credit hours and will not be required to pay the regular cost of tuition during the term they are not teaching. Faculty members teaching during Spring or Summer terms may take a limit of three credit hours per term. A new faculty member may not take classwork during the Spring or Summer Term before he begins his school year teaching assignment.

The SPOUSE of a full-time teaching faculty member may register for courses of study with no limit as to the number of hours day or night and will not be required to pay the regular cost of the tuition.**

FULL-TIME REGULAR STAFF

Full-time regular staff may register for courses of study up to 6 credit hours per semester and will not be required to pay the regular cost of tuition for the first 5 credit hours. Courses may not be taken during regular working hours. Lunch hours, no matter when scheduled, may not be used for class attendance. During Spring or Summer terms, staff members may take a limit of 3 credit hours per term or 4 credit hours in one term and 2 credit hours in the other.**

After the staff employee has completed 5 years of continuous employment as a full-time regular staff member, his or her SPOUSE may register for courses without restriction as to time or number of credit hours day or night.**

PART-TIME FACULTY

Part-time faculty members (not graduate assistants) may enroll in classes for the number of credit hours up to the number of hours they teach, not to exceed 5 hours per semester (3 hours per Spring or Summer term), or 4 credit hours in one term and 2 credit hours in the other, and will not be required to pay the regular cost of tuition for the first 5 credit hours or less. Part-time faculty members will need to pay for any additional hours they wish to take.**

PART-TIME STAFF

All part-time staff members must pay the regular cost of tuition and fees for registration in courses.

EMPLOYEE TUITION CARDS

Cards indicating eligibility for **evening school only,** may be obtained at the Benefits Office, C-40 ASB. If an individual is registering for daytime **plus** evening classes, tuition authorization is obtainable from the Benefits Office table in the Richards PE Building during registration.

****SPECIAL NOTE**

Faculty members, administrative personnel, staff members, eligible spouses, and part-time faculty who wish to register for daytime classes must be properly admitted through the Admissions Office.

Applications for approval for employees to take daytime classes (7 a.m. to 5 p.m.) may be obtained at the Benefits Office, C-40 ASB, **PRIOR** to registration.

Academic Standards

To graduate from BYU, a student must have earned a 2.0 cumulative grade-point average on both his total college and BYU work. Academic standards regulating continuing student progress are consistent with the graduation requirements.

Students at any class level with a cumulative grade-point average of 2.0 or above will be considered in good academic standing. (Academic standing is determined by the cumulative grade-point average of credits earned at BYU.)

Academic Warning will be given if the semester grade-point average is below 2.0, even though the cumulative is at or above 2.0.

Academic Probation will be enforced when the cumulative grade-point average falls below 2.0.

Academic Suspension may result from a student's failure to bring his or her cumulative grade-point average up to 2.0 or above during the semester in which he or she is on academic probation. A student who has failed to achieve a 2.0 cumulative grade-point average during a probationary semester, and has not been suspended, can always attend Spring and Summer terms.

Readmission will be available to any students previously suspended for academic reasons who bring their cumulative grade-point average to at least 2.0 by such means as approved attendance at Spring and/or Summer terms or satisfactory completion of Home Study work. (Individual programs leading to reinstatement may be developed by arrangement with the Academic Standards Office.)

GRADE-POINT VALUES

A	4.0	B-	2.7	D+	1.4	UW	.0
A-	3.7	C+	2.4	D	1.0	WE	.0
B+	3.4	C	2.0	D-	.7	I	.0
B	3.0	C-	1.7	E	.0		

Tuition And Fees

The largest private school in the nation, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. Approximately 70 percent of the cost of operating the University is paid from the tithes of Church members. Because of this, students who are Church members or their families already have made a monetary contribution to the operation of the University. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational costs.

All students who register will be expected to pay tuition and fees prior to or at the time of registration. **Students are responsible to pay the correct amount of tuition and fees.** The University reserves the right to change these figures without notice.

In comparing tuition, both undergraduate students and graduate students are considered full-time if enrollment is for over 4 credit hours per term. (Including audit and noncredit courses.)

TUITION PER TERM
Undergraduate Students

	Spring Term-Summer Term	
	LDS Church Member	Non-Member
Full-time (Over 4 credit hours)	$150.00	$225.00
Part-time	10.00 Plus $30 per hour	15.00 Plus $45 per hour

Graduate School Students

Law School Students, MBA, MPA, asd Master of Accountancy Students:

Full-time (Over 4 credit hours)	$200.00	$300.00
Part-time	20.00 plus $40 per hour	30.00 plus $60 per hour

Other Graduate School Students

Full-time (Over 4 credit hours)	$150.00	*$225.00
Part-time	10.00 Plus $30 per hour	15.00 Plus $45 per hour
*Nonrefundable Overload Fee	$ 15 per hour over 8 hours	$ 15 per hour over 8 hours

A fraction of an hour is counted as a full hour in assessing tuition. The charge for noncredit courses or for auditing courses is the same as for taking them for credit.

Noncredit courses are assessed on the basis of the number of hours involved in lecture classes. For example, 3 hours of lecture a week would be considered 3 semester hours and would be charged for accordingly. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition will be charged based on hours being carried during the semester, as determined by the supervising professor.

If a student takes a noncredit class, it can change his status from part-time to full-time. A student taking 3 credit hours plus a noncredit class involving 2 or more lecture hours per week would be considered a full-time student.

Part-time students are **not** eligible to purchase health insurance. They are also not entitled to health service, student activity privileges, or physical education suit and facility privileges.

ASSESSMENT ADJUSTMENT

After initial registration, a part-time student who increases the number of credit hours must pay for these additional hours **on the day they are added.** If he/she does not, a late fee will be assessed.

A full-time student dropping to part-time or a part-time student who decreases credit hours will be entitled to a tuition refund. A refund request must be initiated by the student through the Registration Office. **The activity card must be surrendered at this time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last day for adding classes. Refunds for courses dropped after that date will be subject to a 3 percent per day charge. This charge will be for the number of school days between the registration date and the drop date, and the rate is 3 percent of the difference between the original assessment and the adjusted assessment.

LATE REGISTRATION FEE

Late registration fees will be assessed all full-time and part-time students for failure to complete registration on scheduled dates. (NO EXCEPTION IS MADE REGARDLESS OF REASON FOR BEING LATE.)

1. First two regular school days following the scheduled registration date ..... $ 5.00
2. After the second day following the scheduled registration date $10.00

Late fees for part-time students will be assessed at 50 percent of the above rate.

Any student whose check is dishonored by the bank will be charged a handling fee of $5. If the check was for tuition, there will be an additional charge of the late fee in effect at the time the check is redeemed.

WITHDRAWAL REFUNDS

Students who decide to discontinue school should notify the Office of the Dean of Students immediately. Any delay in notification or in turning in the activity card or fee receipt may reduce the amount of the tuition refund.

Refunds will be made based on the date of withdrawal as follows:

Date of withdrawal		Tuition Refunded
Spring Term	**Summer Term**	
May 1-May 7	June 26-July 2	100% less $10
May 8-May 17	July 3-July 12	75%
May 18-May 24	July 13-July 19	50%
May 25-May 31	July 20-July 26	25%
After May 31	After July 26	no refund

Late fees are not refundable.

Refund checks will be mailed from the Treasurer's Office to the student approximately three weeks from the date on which the student reported his withdrawal and surrendered his activity card or fee receipt to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw from the University for scholarship or other causes.

Security And Traffic

The Security Office is a protective agency established for the benefit of students, faculty, and staff. It maintains effective liaison with the local police department and is entrusted with the proper enforcement of campus rules and regulations. All matters concerning security or requiring police action should be referred to this office.

Another major responsibility of the Security Office is the control of campus traffic and parking. Every BYU student who owns, maintains, possesses, stores or drives any motor vehicle in or about the state of Utah or intends to drive any such vehicle on the BYU campus must register that vehicle with the Security Office within two (2) days after bringing it to the Provo area.

The Security Office also offers many other services to students and staff members, including the taking of fingerprints necessary for teaching certificates government jobs, ROTC between the hours of 10:00 a.m. and 12:00 noon Monday through Friday. In addition, an ambulance service is maintained in cooperation with the student health center, at a minimal cost.

AUTOMOBILE REGISTRATION

To obtain a parking or registration decal, the following must be presented at the Security Office, B-69 ASB:

1. Home-state vehicle registration certificate.
2. University activity card.
3. The appropriate fee.
4. The name of insurance company.

Students from out of state who do not have Utah plates must obtain a nonresident permit for the vehicle as long as they are full-time students. Full-time employees of the University or students whose wives are full-time employees do not qualify; they must purchase Utah plates and pay Utah property tax. Either a nonresident permit or Utah license plates must be obtained immediately upon registration at the University.

To obtain a nonresident permit, a student must present the following to the information booth located at 1230 North across from Helaman Halls between the hours of 8:00 a.m. and 6:00 p.m. Monday through Saturday.

1. Home-state vehicle registration certificate.
2. Proof of current safety inspection from Utah or home state.
3. Fifty cents.
4. Verification of student status (activity card).

TRAFFIC REGULATIONS

Every student who is a resident of Utah or of a state other than these listed below must have a Utah license if he wishes to drive in Utah. The following states have entered into a compact and a license from any of them is good in all others:

Arizona	Indiana	New Mexico
Alabama	Iowa	New York
Arkansas	Kansas	Oklahoma
California	Louisiana	Oregon
Colorado	Maine	Tennessee
Delaware	Mississippi	Utah
Florida	Montana	Virginia
Hawaii	Nebraska	Washington
Idaho	Nevada	West Virginia
Illinois	New Jersey	

For further details regarding traffic rules and regulations, a TRAFFIC RULES AND REGULATIONS BOOKLET may be obtained at no charge from the Security Office located in the Abraham O. Smoot Administration and General Services Building. All faculty/staff members and students will be responsible for the information contained therein.

Brigham Young University maintains a zoned parking system. Upper class permits are $6 per semester for junior, seniors, and graduates. Lower class permits are $3 per semester and available to all students. The required registration is free but allows no campus parking until after 4:00 p.m.

General Education Requirements

GENERAL EDUCATION PROGRAM

A candidate for a bachelor's degree at Brigham Young University must satisfy all of the general education requirements described below.

AREA REQUIREMENT

AMERICAN HISTORY AND GOVERNMENT. The general education requirement in this area may be satisfied by completing one of the following courses or combination of courses: Hist. 170; Hist. 120 and 121; Hist. 121 and Pol. Sci 110. A student can take an examination that will, if passed, satisfy the American history and government requirement. (Check with the University Testing Center, B-280 ASB, for testing dates.)

BIOLOGICAL SCIENCE. A student must complete a minimum of 6 semester hours selected from the following approved courses:

Agricultural Economics, Agronomy and Horticulture and Animal Science
105 (3) Agricultural Science and Industry

Biological and Agricultural Education
200R (3) Principles of Biology

Botany: any botany course with a number below 469, except 161 and 377

Honors
213R (3-5) Biology

Microbiology: all courses with numbers below 490, except 391 and 392

Zoology: all courses with numbers below 490, except 381

ENGLISH COMPOSITION. Each student must earn 3 semester hours by completing English 111 during his freshman year. He must earn an additional 3 hours by taking English 212, 215, or 251 during his sophomore year, or English 316 during his junior year. The student's major department will designate which of the latter courses he should take.

HEALTH. This requirement may be satisfied by completing 2 semester hours of approved course work or by special examination arranged for with the Department of Health Sciences. Health 130 and Nursing 106 and 156 are the courses approved to fill the health requirement. Beginning Fall Semester, 1974, students majoring in elementary education may take Health 361, while students majoring in secondary education may take Health 362, to fill the health requirement.

HUMANITIES AND FINE ARTS. A student must complete a minimum of 6 semester hours selected from the following approved courses:

Art. All courses in art history and appreciation and—

101 (2) Introduction to Art
102 (2) Basic Design for Nonmajors
103 (2) Drawing for Nonmajors

104 (2) Sculpture for Nonmajors
105 (2) Ceramics for Nonmajors
106 (2) Crafts for Nonmajors
107 (2) Painting for Nonmajors
109 (2) Design for Technology
110 (2) Design for Everyday Life

442 (3) Latin Literature in English Translation

Communications
101 (2) Introduction to Mass Communication
201 (2) The Communications Process

English: all undergraduate literature courses except 251.

Foreign languages: all undergraduate literature courses.

Humanities and Comparative Literature. All courses with numbers below 490.

Interior Design
240 (3) Introduction to Interior Design
330 (3) History of Residential Interior Architecture and Furnishings to 1900
331 (3) Residential Interior Architecture and Furnishings from 1900
430 (3) Advanced History of Residential Interior Architecture and Furnishings

Music
101 (3) Introduction to Music
103 (2) Survey of Music Literature
484, 485 (3 ea.) History of Music

Philosophy: all courses under 382, except 205 and 305.

Speech and Dramatic Arts
101 (3) Speech Communication
102 (2) Introduction to Public Speaking
115 (2) Introduction to the Theatre
121 (3) Voice, Diction, and Interpretation
301 (2) Business and Professional Speaking

PHYSICAL EDUCATION. A minimum of 2 semester hours, selected from any of the Physical Education 100-series courses, will satisfy the physical education requirement. One-half credit hour should be taken each semester in the freshman and sophomore years. Students expecting to complete this requirement with credit for military service or through other University-approved programs should check with the Graduation Office, B-150 ASB.

PHYSICAL SCIENCE. A student must complete a minimum of 6 semester hours selected from the following:

Chemistry: all undergraduate courses.
Geology: all undergraduate courses, except 312, 341, and 496.
Physics: all courses with numbers below 471 except 391 and 392.
Statistics
221 (3) Principles of Statistics

RELIGION. One religion class is required for each full-time enrollment of 8½ semester hours or more (by an undergraduate student) at BYU until a total of 14 semester hours in religion has been earned towards a baccalaureate degree or 10 semester hours towards an associate degree. Part-time students must complete one religion class for every 16 hours of BYU credit completed.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. In computing the 14 semester-hour total requirement, no more than 3 hours of religion credit at BYU or elsewhere will be counted from any one quarter or semester. The required religion courses will be 2 hours per semester for freshmen, sophomores, and juniors and 1 hour for seniors.

BOOK OF MORMON. All undergraduates must obtain college-level credit for the equivalent of 4 semester hours in the study of the complete Book of Mormon. Those courses that fill this requirement at BY Uare: Rel. 121 and 122; Rel. 421 and 422; Rel. 121 and 422; or Rel. 421 and 122. Returned missionaries and junior and senior transfer students are encouraged to take 421 and 422.

SPECIAL SITUATIONS

1. **Transfer Credit from LDS Colleges and Institutes.** A student may transfer religion credit to BYU to meet the general education requirement in religion. No more than 3 hours of religion credit from any one quarter or semester will be counted toward the religion requirement. A transfer student will be required to com- until such time that the transfer religion credit plete one religion class per semester at BYU and the BYU religion credit satisfy the 14-semester-hour requirement.

   Institute credit will be accepted only if the institute director certifies that the course was taken for institute credit, and was in conformance with college standards.

2. **Students Required to Study Off Campus.** If a student is required to study off campus as a part of his degree requirements, he is required to register for religion during that semester through Home Study, a BYU continuing education center, or LDS Institute.
3. **Bible Credit from Non-LDS Colleges and Universities.** Bible credit from accredited non-LDS universities and colleges **will not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.
4. **Credit Completed at Centers for Continuing Education.** A student must complete one religion class for every 16 hours of academic credit completed at BYU centers for continuing education.
5. **Requirements for Second Baccalaureate Degree Candidates.** Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester. The Book of Mormon requirement must also be satisfied.

SOCIAL SCIENCE. A minimum of 5 semester hours must be completed from the following approved courses:

Agricultural Economics
112 (3) Economics and Agriculture
350R (3) Land and Range Economics
355 (3) Rural Development Economics
450 (3) Natural Resource Economics

Anthropology. All undergraduate courses.
Archaeology. All undergraduate courses.

Asian Studies
101 (3) Introduction to Asia

CDFR
210 (3) Child Development
360 (3) Achieving Success in Marriage
361 (3) Family Relationships

Economics. All undergraduate courses.
Geography. All undergraduate courses.
History. All courses with numbers below 485, except 170.

International Relations
499 (3) Senior Seminar

Political Science. All undergraduate courses except 301 and 303.
Psychology. All undergraduate courses except 370 and 374.

Recreation Education
337 (2) Philosophy of Recreation

Sociology. All undergraduate courses except 205 and 206.
University Studies
107 (3) Contemporary Indian Affairs

OTHER REQUIREMENTS

Each student must complete one of the two following options:

Language. Successful completion of a 201 foreign-language course (intermediate level) or its equivalent. This requirement may also be filled by the successful completion of a 301 foreign language class, or any more advanced language, literature, or culture class in a particular foreign language.

Mathematics, Statistics, Logic and Science. Six semester hours selected from the following courses:

Botany.
201 (4) Introduction to Biology
370 (2) Introduction to Genetics
372 (2) Evolutionary Genetics
Career Education—University Studies
115 (1) Practical Decision-Making
Chemistry.
105 (4) General College Chemistry
111 (3) Principles of Chemistry
*Computer Science.
130 (3) Introductory Computing
131 (3) Scientific Computing
132 (3) Computer Organization and Programming I
133A (1.5) Business Computing I
133B (1.5) Business Computing II

*Only one computer science class may be used in the mathematics-statistics-logic area.

Economics.
488 (3) Introduction to Econometrics
Geology.
311 (3) Structural Geology
Mathematics. All undergraduate courses numbered 105 or higher.
Microbiology.
201 (4) Introduction to Biology
331 (5) Microbiology
Philosophy.
205 (3) Logic and Language
305 (3) Intermediate Logic
Physics.
105 (3) Introductory Physics
110 (3) The Development of Scientific Thought
300 (3) Philosophical Foundations of Modern Physics
Psychology.
374 (3) Experimental Psychology
Statitsics. Any undergraduate course from the Department of Statistics having a prerequisite of Math 105 or higher.
Zoology.
201 (4) Introduction to Biology
321 (2) History and Philosophy of Biology
376 (3) General Genetics

TRANSFER CREDIT EVALUATION

All transfer credit that represents college-level work from accredited institutions will be accepted. Students who transfer to BYU will have their transcripts evaluated by the Transfer Evaluation Office and will be notified in writing of the general education requirements remaining to be completed.

BYU has generally followed a pattern of course-for-course equivalency evaluation, evaluating credits on the basis of BYU general education programs and accepting all transfer credit for courses reasonably equivalent to BYU courses. If a student at another accredited institution takes a course that counts in a given general-education area at that institution, we, in our evaluation, allow that course to count in the same area.

The chairman of the student's major department evaluates other transfer credit for classes that may be used to meet major or minor requirements.

POLICY ON HOLDERS OF THE ASSOCIATE DEGREE. The University's policy for a student with an associate degree who transfers to BYU is as follows: If the procedure for earning general education credit at his junior college is similar to that followed by BYU and if the student has fulfilled some requirements in all areas and does not lack more than 5 hours in reaching the BYU total-hour requirements in general education, the student will be admitted to BYU with general education requirements considered completed.

GRADUATION
BACHELOR'S DEGREES

CREDIT REQUIREMENTS. A candidate for a bachelor's degree must complete a minimum of 128 semester hours of credit.

UPPER-DIVISION REQUIREMENTS. A minimum of 40 semester hours of upper-division credit (classes numbered 300-599) is required for a bachelor's degree.

MAJOR REQUIREMENTS. A student must complete at least 20 semester hours in his major department, 10 of which must be earned on the BYU campus. He must also satisfy any additional departmental requirements.

RESIDENCE REQUIREMENTS. At least 30 semester hours of credit taken in residence at BYU are required for a bachelor's degree. A maximum of 10 semester hours earned at BYU centers for continuing education or at an LDS Institute may be applied toward this 30-hour requirement. A student must register and be on campus during two semesters—not necessarily consecutive—to satisfy the residence requirement.

SECOND BACHELOR-DEGREE REQUIREMENTS. A student will qualify for a second bachelor's degree when the following requirements are satisfied: (1) BYU general education requirements, (2) major requirements, (3) minor requirements, (4) residence requirement of 30 additional hours beyond the first bachelor's degree, (5) religion requirements, and (6) all other graduation requirements set forth in the catalog for bachelor's degree candidates. An additional 30 hours beyond the last degree including a minimum of 10 hours within the major are required.

GENERAL EDUCATIONAL REQUIREMENTS. A candidate for a bachelor's degree must satisfy the following general education requirements:

Area Requirements	Semester Hours Required
American history and government	3
Biological science	6
English composition	6
Health	2
Humanities	6
Physical education	2
Physical science	6
*Religion	14
Social science	5
One of the two options described below:	
A. Mathematics, statistics, logic	6
B. Foreign language .... 8 hours of advanced credit	

*Two hours of religion are required per semester (8½ hours or more) in residence, including Spring and Summer terms, for freshmen, sophomores, and juniors. One hour per semester is required for seniors. Part-time registration at BYU or a continuing education center requires one religion course for each 16 hours. No more than 3 hours of religion credit at BYU or elsewhere will be counted for any one quarter or semester.

Book of Mormon 121 and 122 are required of all students. Religion 421 and 422 are offered for returned missionaries and transfer students as a substitute for this requirement.

See the section entitled "General Education Program" for additional and more detailed information.

GRADE-POINT-AVERAGE REQUIREMENT. All degree-seeking students must achieve at least a 2.00 (C) cumulative grade-point average by the beginning of the semester in which they plan to graduate. Transfer students must have at least a 2.00 (C) grade-point average for both their residence credit at BYU and for their total college credit.

CORRESPONDENCE CREDT. A maximum of 36 semester hours of correspondence credit may be applied toward fulfillment of the 128 semester-hour requirement for a baccalaureate degree.

"D" GRADE CREDIT. Not more than 18 semester hours of "D" grade credit may be applied toward completion of the bachelor's degree requirements, nor more than 10 semester hours of "D" grade credit for the associate-degree requirement.

ASSOCIATE DEGREES

Upon completion of an approved two-year curriculum, the Associate of Science degree or the Associate of Arts degree will be awarded at the regular University graduation exercises. A minimum of 64 semester hours of credit is required (Nursing requires 73 hours). A candidate for an associate-degree must satisfy the following general education requirements:

	Associate of Science	Associate of Arts
English	6	6
American History	3	3
Health	2	2
Physical education	1	1
Humanities	2	3
Biological science	2	3
Physical science	2	3
Social science	2	3

*One religion class is required per semester in residence, including Spring and Summer terms. Religion 121 and 122 or 421 and 422 are required of all students.

Exceptions:

1. Two-year Engineering Technician students are not required to complete the biological science and social science general-education groups.
2. Nursing students are not required to complete the humanities general-education group or Health 130.

Of the total of 64 credits, at least 20 must be taken in residence; a total of 12 credits may be taken by correspondence. However, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at a BYU center for continuing education or an LDS Institute as a matriculated student will satisfy the residence requirement for the two-year program. A maximum of 10 "D" credits will be accepted, but both cumulative and BYU grade-point averages of 2.00 or above are required. Students completing one of these programs may, if they desire, continue their work toward a baccalaureate degree.

For specific programs in fields offering associate degrees, see the "List of Courses" section of the General Catalog.

JUNIOR ENGLISH PROFICIENCY EXAMINATION

Passing the Junior English Proficiency Examination is a graduation requirement that should be met during the junior year, preferably as soon as the student is eligible. Clearance for graduation must be accomplished at least one month prior to graduation. To be eligible for the examination, a student must have completed his freshman English requirements and have at least 64 semester hours of credit.

A grade of B- or better from on-campus classes in English 212, 215, 251, or 316 (earned after September 1, 1971) will satisfy the Junior English Proficiency Examination requirement. The intent of this provision is not to waive the requirement but to have the student fulfill it by writing several good in-class essays under examination conditions. Failing to do that, the student may not be awarded a grade above C+, regardless of whatever excellence he may otherwise achieve in the class. Such is the importance the University places upon unaided, impromptu writing.

The examination is offered twice each semester on dates announced in the calendar; admission is by appointment card only. Students may obtain the cards—which specify time, place, and other pertinent information—from their own college advisement center and should plan to take the examination early enough so that they are not involved with it near graduation time (junior students always will receive preferential consideration for appointments).

The examination is free at scheduled times but may be taken at other times upon payment of a $10 fee.

Students who fail the exam should undertake some significant remedial study, either independently with or without a tutor or by registering for English 15, "Remedial English for Juniors," which is offered each block.

The Junior English Proficiency Examination is a standardized test that measures comprehensively the full range of skills involved in good writing and effective, appropriate expression. In one section of the test the student is asked to deal with weaknesses in a composition. From a list of four choices, he selects the revision which best solves the writing problem. In another section of the test the student is asked to write a theme on a topic supplied by the examiner. The theme tests the student's ability to limit, organize, and develop a topic, and to use the language competently. The test dates are January 19, 1974, and March 9, 1974.

Other Academic Information

UNDECLARED SCIENCE MAJORS

A new category, Science Fundamentals, has been established in three science colleges and General Studies for undeclared science majors. The major code number is 922. These categories have been established because many of you are interested in science but are not yet able to commit yourself to a specific major and because if you do not include certain fundamental subjects in your first semester of study you will extend the time required to graduate. Therefore, if you are unsure of a major but interested in science, you should enroll in the category of Science Fundamentals in the appropriate scientific college (Biological and Agricultural Sciences, Engineering Sciences and Technology, or Physical and Mathematical Sciences), or in the College of General Studies. The necessary information about the fundamental subjects that you should study will be provided by the Advisement Center in that college.

ASSOCIATE DEGREE IN PUBLIC HEALTH A NEW INDIAN PROGRAM

A new Associate of Art degree in public health is being offered at BYU starting Winter Semester. Although the course work for the degree will be interdisciplinary, the Department of Health Science will have administrative responsibility for the program. This 62-hour degree will include 32 hours of general education requirements and 32 hours devoted to the public health curriculum. The public health curriculum will have 18-22 hours of core classes and 12 hours in one of four speciality areas: alcoholism, mental health, nutrition, and sanitation and public health. The program will consist of both on-campus education and supervised internship experience.

Although this degree will be available to all students, this program is tailored especially to suit the needs of Indian students and their reservation communities. There is a rapidly increasing need among

the allied health professions for college-trained people with less than a baccalaurete degree. This program will allow students to attend college for fewer than four years and still obtain a degree in an area of employment demand. The program will include contractual agreements with tribal leaders for guaranteed employment to Indian students upon graduation.

LANGUAGE PROFICIENCY ADVANCEMENT PROGRAM

Under the new proficiency advancement program at Brigham Young University, students studying French, German, and Spanish may achieve basic objectives as rapidly as they like and may earn from four to eight hours of language credit in one semester. Several sections of 101 and 102 classes are offered at the same hour. Students who have had one year of high school language or who are highly motivated and eager to learn a language as rapidly as possible should enroll in the first section listed at each of these hours. Section transfers and adjustments will be made during the first few weeks after registration so that each student can learn at a speed and at a level commensurate with his language background and his ability and desire to learn.

Grades will be given for each lesson completed. If a student is dissatisfied with his grade for any one lesson, he may study harder and retake the examination to improve his grade. Grade-improvement examinations must be taken prior to the completion of the next lesson. Students who find the pace too fast in one class may choose to transfer to a slower section. Help sections will be provided for students who are experiencing difficulty with some aspect of their language study. Special classrooms are reserved for testing purpases and for practicing conversation. For further information, consult the language department involved.

UNIVERSITY STUDIES 300R: INDEPENDENT GROUP STUDIES

A group of students who have an intense desire to study a particular area of intellectual activity organize themselves into a class. They determine the bibliography, the number and types of critical and interpretive papers they will write, establish clear criteria for determining grades, and choose their own meeting schedule and place for their discussions. The size of the groups will probably vary anywhere from 5 to 20. The department chairman, a faculty sponsor, College Curriculum Committee, and Dean of the College most concerned with the area of study review the course proposal, and if approved, the group is then on its own. The students direct their own discussions and as a group, assign final grades to each class member. It is anticipated that faculty involvement will be minimal and in an advisory (rather than teaching) capacity.

Students should insure that their proposed course in no way competes with an existing course offering of a given department.

Application forms may be obtained from the Department of University Studies, 135 BRMB.

HEALTH REQUIREMENTS FOR EDUCATION MAJORS

Effective September 1, 1973, education majors who complete Health 361 or 362 are exempted from Health 130, the general-education requirement.

ASSOCIATE DEGREE RELIGION REQUIREMENT

One religion class is required for each full time enrollment of 10 semester hours or more at BYU by an undergraduate student until a total of 14 semester hours in religion have been earned towards a baccalaureate degree, or 10 semester hours towards an associate degree.

MUSIC WORKSHOPS

COMPREHENSIVE MUSICIANSHIP WORKSHOP (June 10-22)

Cosponsored by BYU Music Department and Ford Foundation's Contemporary Music Project

A two-week, four-hour credit workshop on comprehensive musicianship is being offered during the Spring Term. Participants will learn to apply the comprehensive-musicianship approach in choral, instrumental, keyboard, and general music classes, from elementary school through higher education. There will be separate tracks for each interest area and will be taught by national leaders in the comprehensive-musicianship field.

SUMMER MUSIC CAMP (June 10-22)

The thirtieth annual music camp will provide a rich experience in musicianship for high school and junior high school music students who are interested in instrumental, choral, and keyboard music. An outstanding faculty will provide an exciting two-week experience in performance and musical understandings.

RESEARCH TRAINING WORKSHOP (June 24-29)

Planned and organized by the Music Educators Research Council, this one-week workshop will be devoted to the needs of graduate teachers in the various areas of music. National authorities in experimental, descriptive, historical and philosophical research will serve as faculty.

JAZZ IMPROVISATION WORKSHOP (June 24-29)

A one-week workshop will be devoted to teaching the basic techniques of improvisation. Named jazz artists will be the instructors.

How to Register

Each student registering for Fall Semester, 1974 will be required to complete a computerized registration form listing his preferences for classes. Students on campus may obtain registration forms and instructions from their college advisement centers beginning May 16, 1974. All newly admitted students will receive their registration materials by mail. Continuing students away from campus during the summer will also receive registration materials by mail, provided that they have furnished the Registration Office with a summer mailing address. Completed forms must be returned to the Registration Office by July 3, 1974.

Students will pick up a confirmation form listing the classes they are registered for at the Richards Building August 29, 30, or 31 according to their class and the alphabetical sequence listed on the front page of this schedule. All fees must be paid at the time of registration. Those students not turning in a registration form will be required to register late and a late fee will be assessed.

All changes to registration will be accomplished through the normal add/drop procedure in accordance with the specified deadlines.

LATE REGISTRATION PENALTY

Students who fail to register on the regular registration dates must pay a late registration fee. If a student registers during the first five regular school days after scheduled registration, the fee is $5. After the first five days the fee is $10. The penalty rate for part-time students is one-half that charged to full-time students. A fraction of an hour is counted as a full hour for assessing fees.

ADMISSION OF EVENING-CLASS STUDENTS TO DAY SCHOOL

Students who are attending evening classes only and wish to transfer to day school and take daytime classes must submit application for admission to BYU prior to the established deadline dates for the semester they wish to attend. Application for admission may be obtained from the Office of Admissions, A-153 ASB.

ADMISSION TO CLASS

Students whose names are on the class roll are officially registered. If a student's name is not on the roll, he should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes three days after the completion of regular registration. Another roll is sent out during the third week which includes the names of all students registered for that class.

BLOCK-PLAN CLASSES

Any student desiring to register for a block-plan class must do so during his original registration at the start of the semester. This holds true whether or not the class is taught during the first or second half of the semester.

DROPPING AND ADDING CLASSES FOR WINTER SEMESTER

The key to reducing changes in registration is filling out the initial registration carefully.

If a student must make a change in registration, the change must be approved by the instructors involved. No changes in the initial registration may be made until Thursday, September 5, 1974.

Students are permitted to drop or add classes through Monday, September 16, 1974, if their instructor(s) agree(s) that the change is advisable. In exceptional cases, students may withdraw from classes until November 1, 1974.

If a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is failing, his permanent record will carry a "WE." This is considered the same as an "E" in calculating a grade-point average.

If a student intends to change his registration he must follow four steps:

1. Obtain Change of Registration.
2. GET THE CONSENT AND SIGNATURES OF THE INSTRUCTORS INVOLVED.
3. PAY A $5 FEE TO THE UNIVERSITY CASHIER. This is necessary if the change is made September 17 or anytime thereafter. **Classes may not be added after Monday, September 16.**
4. TAKE THE CHANGE-IN-REGISTRATION CARD TO REGISTRATION PERSONNEL, B-130 ASB.

Late registration ends Monday, September 16, 1974. No student may register after that date.

If a student wishes to completely withdraw from school, he must clear through the office of the Dean of Student Life.

EVENING CLASSES

Daytime students taking evening classes (section 90 and above) must register for the courses at the same time they complete and submit the registration form to day school.

Those who register for **evening classes only** should register using the evening classes registration form and must submit the form through the mail by Friday, August 30, 1974. Late registration for those who fail to register by mail will be held in 225 HRCB until September 16, 1974.

Faculty and staff members who register for only evening classes must register by mail before August 30, 1974. Employee tuition cards must accompany the completed evening classes registration form.

LIMITATIONS OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 18 (freshman, 17) hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. Auditing of classes, registration for home study, or registering for evening classes or off-campus courses constitute a part of the student's total registration. Exceptions to these rules should be presented to the Dean of Admissions and Records by the dean of the college concerned.

Academic Information

MAJOR REQUIREMENTS

A student must complete at least 20 semester hours in his major department and must satisfy any additional departmental requirements. A minimum of 10 semester hours must be earned on campus at BYU.

CHANGING COLLEGE OR MAJOR

A student who desires to transfer from one major to another, or from one college to another, may do so. However, he must clear this change through the deans of the colleges involved. Official change-of-major cards may be obtained from the office of the dean of the college in which the student is presently enrolled. After being properly signed, these cards must be turned in to the office of the dean of the student's new college one month prior to the next semester's registration. Graduate students should review the policy regarding them on page 15 of this book.

WITHDRAWAL FROM BYU

No undergraduate student is officially withdrawn from the University unless he has obtained and completed the discontinuance form from the office of the Dean of Student Life.

If the student finds it necessary to totally discontinue all classes he must:

1. Obtain discontinuance forms from the Discontinuance Office, B-202 ASB, Ext. 2723.
2. Obtain necessary signatures (explained on the form).
3. Have a personal interview and be signed out by a member of the Dean of Student Life staff. (The student may also be directed to an interview with the appropriate College Advisement Center).
4. Have his activity card invalidated (The photo ID will be retained by the student to be used if further enrollment is anticipated).

Discontinuances after November 1, 1974, will be granted only in unusual instances involving nonacademic emergencies.

Those students enrolled only in Evening School classes will withdraw through Evening School. Graduate School students will withdraw through the office of the Graduate Dean (B-336 ASB).

Students withdrawing before November 1, 1974, are not held responsible for course grades and a "W" will be entered on their transcript for each course. Grade reports for each class (Passing or Failing) will be required for withdrawals after the above date. A "W" will be entered on the transcript for passing work and a "WE" for failing work.

Students who leave the University under emergency conditions and who subsequently do not return during the semester or term should contact the Discontinuance Office, B-202 ASB, to initiate official termination of course enrollment.

REPEATING CLASSES

Students can repeat classes at BYU. This can be done in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from BYU department chairman.
3. Repeat at other institutions classes taken at the same institution—and then have the credit transferred to BYU.
4. Repeat at BYU through Home Study.

When a student repeats a class, the grade used to figure the student's grade-point average is the grade earned the last time the repeated class was taken. The student must notify the Records Office, B-150 ASB, that the class has been repeated during the next semester after the class is repeated.

INCOMPLETE GRADES

The letter "I" (incomplete) is used to indicate that work is not yet completed. It is given only when special prior arrangements for the completion of the specific work involved have been made between the teacher and the student. The "I" never is given when a student has failed or is failing the course. An "I" is regarded as a neutral grade for a period of one year, following which it will be changed to an "E" and calculated as such in the grade-point average. An authorization for Change of Incomplete form must be properly completed and submitted to the Records Office, B-150 ASB, within one year from the date the incomplete is given. Graduate students should review the policy regarding them on page 15.

CLASS ATTENDANCE POLICY

BYU feels it is important that students attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only where the student is away representing the University on official business. All officially excused absences must be approved through the office of the Dean of Student Life.

Faculty should tell students what relationship attendance has to their final grade for the course. The student must take the responsibility for his actions. It is not necessary for the instructor to report absences to the office of the Dean of Student Life unless he has knowledge of an accident or illness which is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is the responsibility of the student.

HOME STUDY

Home Study is the University's "portable" program. It allows you to earn credit through correspondence work, on or off campus. There are 290 courses available, representing 45 departments. You may register for courses anytime during the year. For further information and a free catalog of courses, contact the Home Study Office, Room 210 HRCB, or telephone 374-1211, Ext. 2868. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday.

PERSONAL DEVELOPMENT PROGRAM

Although the major emphasis at Brigham Young University is on intellectual and spiritual development, the University is also concerned with the personal and social development of its students. With this in mind, a search was made for classes which will assist students with their personal and social development through a practical emphasis on learning by doing. Two types of courses were finally selected. The first are taught by faculty from established academic departments and carry academic credit (these are identified as Personal Development classes in the departmental listings of the class schedule). The second are experiential courses taught by faculty from the Personal Development Center and may or may not carry credit. These latter classes involve such topics as interpersonal communication, personal and social development, educational and vocational development, and training for lay counselors. For further information contact the Personal Development Center, Ext. 3035.

SPECIAL COURSES

Special credit and noncredit short courses are made available by the Department of Special Courses and Conferences throughout each semester and between semesters. Film, drama, art, and music appreciation courses for credit draw 800 enrollments each semester. Ten classes offered for credit during the Christmas break and following Winter Semester allow students to fill general education requirements in a relatively short time. Other credit courses include skiing (snow and water), scuba diving, outdoor sur-

vival, primitive pottery, and English as a second language.

Many noncredit classes of a special interest nature are also offered. These include speed reading, sign language, genealogy research seminar, gunsmithing, "A More Positive Feminine You," and cake decorating.

For further information, contact the Special Courses and Conferences Office, 242 HRCB, Ext. 3556. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday.

STUDENT CLASSIFICATION

At the beginning of each semester, students are classified for that semester as follows:

0 — 31.9	Freshman
32 — 63.9	Sophomore
64 — 95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

COURSE DIVISIONS

Classes are given numbers as follows:

Preparatory and remedial courses	1-99
Lower-division courses	100-299
Upper-division courses	300-499
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 or above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

GRADUATION APPLICATION FEE AND DEADLINE

Students applying for graduation should pick up their applications from their major department or College Advisement Center. The completed application, initiated by the major department, along with the $12 application fee should be submitted to the cashier by January 15 for students applying for April commencement and by May 15 for students applying for August commencement. Students not applying by their prescribed deadline will be automatically considered for the next commencement. All students are encouraged to apply for graduation early in their junior year (65 to 96 credit hours).

Registration for Faculty and Staff

FULL-TIME FACULTY AND ADMINISTRATIVE PERSONNEL

Full-time teaching faculty may register for courses of study up to six hours per semester and will not be required to pay the regular cost of tuition.**

Continuing faculty members **not** teaching during the Spring or Summer terms may take any amount of credit hours and will not be required to pay the regular cost of tuition during the term they are not teaching. Faculty members teaching during Spring or Summer terms may take a limit of—(a) three credit hours per term, (b) six continuous credit hours covering both terms, or (c) four credit hours in one term and two credit hours in the other. No person may take more than four credit hours in one term. A new faculty member may not take classwork during the Spring or Summer term before he begins his school-year teaching assignment.

The SPOUSE of a full-time teaching faculty member may register for courses of study with no limit as to the number of hours day or night and will not be required to pay the regular cost of the tuition.**

FULL-TIME REGULAR STAFF

Full-time regular staff may register for courses of study up to six credit hours per semester and will not be required to pay the regular cost of tuition. Courses may not be taken during regular working hours. Lunch hours, no matter when scheduled, may not be used for class attendance. During Spring or Summer terms, staff members may allocate their credit hours of class attendance as in items a, b, and c for full-time faculty and administrative personnel.**

After the staff employee has completed five years of continuous employment as a full-time regular staff member, his or her SPOUSE may register for courses without restriction as to time or number of credit hours day or night.**

PART-TIME FACULTY

Part-time faculty members (not graduate assisttants) may enroll in classes for the number of credit hours up to the number of hours they teach, not to exceed five hours per semester (three hours per Spring or Summer term), and will not be required to pay the regular cost of tuition for the first five credit hours or less. Part-time faculty members will need to pay for any additional hours they wish to take.**

PART-TIME STAFF

All part-time staff members must pay the regular cost of tuition and fees for registration in courses.

EMPLOYEE TUITION CARDS

Cards indicating eligibility for **evening school only,** may be obtained at the Benefits Office, C-40 ASB. If an individual is registering for daytime **plus** evening classes, tuition authorization is obtainable from the Benefits Office table in the Richards Building during registration.

Applications for approval for employees to take daytime classes (7 a.m. to 5 p.m.) may be obtained at the Benefits Office, C-40 ASB, **PRIOR** to registration.

**Faculty members, administrative personnel, staff members, eligible spouses, and part-time faculty who wish to register for daytime classes must be properly admitted through the Admissions Office.

Academic Standards

Students admitted to the University are expected to show satisfactory academic achievement and progress. Academic achievement is determined on the basis of the grade-point average earned by each student.

To graduate from BYU a student must have earned a 2.0 cumulative grade-point average on all BYU work and all college work. Academic standards regulating continuing student progress are consistent with the graduation requirements.

Students at any class level with a cumulative grade-point average of 2.0 or above will be considered in good academic standing. (Academic standing is determined by the cumulative grade-point average of graded credits earned at BYU.)

Academic Warning will be given if the semester grade-point average is below 2.0, even though the cumulative is at or above 2.0.

Academic Probation will be given when the cumulative grade-point average falls below 2.0 with the ex-

ception of Freshman level students completing their first semester at Brigham Young University. These individuals will initially be given Academic Warning.

Academic Suspension may result from a student's failure to bring his or her cumulative grade-point average up to 2.0 or above during the semester in which he or she is on academic probation. Academic Suspension indicates that the student may be denied continued enrollment privileges until such time as he or she has qualified for readmission through one of the readmission programs. A student subject to suspension may attend Spring or Summer terms **by submitting a proposed program of study to the Academic Standards Office and receiving approval for continued enrollment.** The student would be expected to bring his grade-point average to a level of 2.0 or above.

Readmission will be available to any students previously suspended for academic reasons who bring their cumulative grade-point averages to a level of at least 2.0 by such means as approved attendance at Spring and/or Summer terms or satisfactory completion of Home Study or Evening School courses.

Students who have been academically suspended must establish their eligibility for readmission to the University by contacting the Academic Standards Office. Generally, the student should expect that specific preparatory work must be completed before an application for readmission will be considered. Individual programs leading to academic reinstatement may be developed by arrangement with the Academic Standards Office.

A student, whether he is on probation or not, may be subject to suspension from the University if it is determined that he is deficient in his academic achievements and progress.

Graduate students should review the policy regarding them on page 15.

GRADE-POINT VALUES

B	3.0	C-	1.7	E	.0		

Tuition and Fees

The largest private school in the nation, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. Approximately 70 percent of the cost of operating the University is paid from the tithes of Church members. Because of this, students who are Church members or their families already have made a monetary contribution to the operation of the University. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational costs.

All students who register will be expected to pay tuition and fees prior to or at the time of registration. **Students are responsible to pay the correct amount of tuition and fees.** The University reserves the right to change these figures without notice.

In computing tuition, both undergraduate students and graduate students are considered full-time if enrollment is for over 8 credit hours (including audit and noncredit courses).

TUITION AND GENERAL FEES

	Fall Semester L.D.S. Member	Fall Semester Non-Member
Undergraduate Students		
Full-time (Over 8 credit hours)	$320.00	$480.00
Part-time	$ 10.00 Plus $32 per hour	$ 15.00 Plus $48 per hour
Graduate School Students		
Law School Students	$525.00	$787.00
MBA, MPA, and Master of Accountancy Students:		
Full-time (Over 8 credit hours)	$400.00	$600.00
Part-time	$ 20.00 Plus $40 per hour	$ 30.00 Plus $60 per hour
Other Graduate School Students		
Full-time (Over 8 credit hours)	*$320.00	*$480.00
Part-time	$ 10.00 Plus $32 per hour	$ 15.00 Plus $48 per hour
*Nonrefundable Overload Fee	$ 15.00 per hour over 16 hours	$ 15.00 per hour over 16 hours

A fraction of an hour is counted as a full hour in assessing fees. The charge for noncredit courses or for auditing courses is the same as for taking them for credit.

Noncredit courses are assessed on the basis of the number of hours involved in lecture classes. For example, 3 hours of lecture a week would be considered 3 semester hours and would be assessed accordingly. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees will be charged based on hours being carried during the semester, as determined by the supervising professor.

If a student takes a noncredit class, it can change his status from part time to full time. A student taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week would be considered a full-time student.

Part-time students are **not** eligible to purchase health insurance. They are also not entitled to health service, student activity privileges, or physical education suit and facility privileges.

ASSESSMENT ADJUSTMENT

After initial registration, a part-time student who increases the number of credit hours must pay for these additional hours **on the day they are added.** If this is not done, a late fee will be assessed.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Registration Office. **The activity card must be surrendered at this time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last day for adding classes. Refunds for courses dropped after that date will be subject to a 3 percent per day charge. This charge will be for the number of school days between the registration date and the drop date, and the rate is 3 percent of the difference between the original assessment and the adjusted assessment.

LATE REGISTRATION FEE

Late registration fees will be assessed all full-time and part-time students for failure to complete registration on scheduled dates. (NO EXCEPTION IS MADE, REGARDLESS OF REASON FOR BEING LATE.)

1. First five regular school days following the scheduled registration date ..... $ 5.00
2. After the fifth day following the scheduled registration date $10.00

Any student whose check is dishonored by the bank will be charged a handling fee of $5. If the check was for tuition, there will be an additional charge of the late fee in effect at the time the check is redeemed.

WITHDRAWAL REFUNDS

If a student withdraws from school, a refund will be made minus a charge of $10 ($5 for a part-time student). This withdrawal fee is assessed even though the student does not complete registration or attend school. In addition, there is a per-day charge of 3 percent of the total tuition and fees paid or payable for the semester. Students will be charged for the first day of the semester in which classes were held following the date they registered, to the day on which they report their withdrawal to the Office of the Dean of Student Life.

Any refund due a student because of withdrawal from school will be made only by check, through the mail. It will be mailed approximately three weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Dean of Student Life's Office.

No refund will be granted to a student who is requested to withdraw for scholarship or other causes.

Late fees are not refundable.

Security and Traffic

The Security Office is a protective agency established for the benefit of students, faculty, and staff. It maintains effective liaison with the local police department and is entrusted with the proper enforcement of campus rules and regulations. All matters concerning security or requiring police action should be referred to this office.

Another major responsibility of the Security Office is the control of campus traffic and parking. Every BYU student who owns, maintains, possesses, stores or drives any motor vehicle in or about the state of Utah or intends to drive any such vehicle on the BYU campus must register that vehicle with the Security Office within two (2) days after bringing it to the Provo area.

The Security Office also offers many other services to students and staff members, including the taking of fingerprints necessary for teaching certificates, government jobs, and ROTC between the hours of 10:00 a.m. and 12:00 noon Monday through Friday. In addition, an ambulance service is maintained in cooperation with the student health center, at no cost.

AUTOMOBILE REGISTRATION

To obtain a parking or registration decal, the following must be presented at the Security Office, B-69 ASB:

1. Home-state vehicle registration certificate
2. BYU activity card
3. The appropriate fee (no fee for registration only)
4. The name of insurance company with which the automobile is insured
5. Proof of no-fault insurance

TRAFFIC REGULATIONS

Every student who is a resident of Utah or of a state other than these listed below must have a Utah license if he wishes to drive in Utah. The following states have entered into a compact and a license from any of them is good in all others:

Arizona	Indiana	New Mexico
Alabama	Iowa	New York
Arkansas	Kansas	Oklahoma
California	Louisiana	Oregon
Colorado	Maine	Tennessee
Delaware	Mississippi	Utah
Florida	Montana	Virginia
Hawaii	Nebraska	Washington
Idaho	Nevada	West Virginia
Illinois	New Jersey	

For further details regarding traffic rules and regulations, a TRAFFIC RULES AND REGULATIONS BOOKLET may be obtained at no charge from the Security Office located in the Abraham O. Smoot Administration and General Services Building. All faculty/staff members and students will be responsible for the information contained therein.

Brigham Young University maintains a zoned parking system. Upper class permits—for juniors, seniors, and graduate students—are $12. Lower-class permits—available to all students—are $6. The required registration is free but allows no campus parking until after 4:00 p.m.

General Education Requirements

GENERAL EDUCATION PROGRAM

A candidate for a bachelor's degree at Brigham Young University must satisfy all of the general education requirements described below.

AREA REQUIREMENTS

American History and Government

The general education requirement in this area may be satisfied by completing one of the following courses or combination of courses: Hist. 170; Hist. 120 and 121; Hist. 121 and Pol. Sci. 110. (A student may take an examination that will, if passed, satisfy the American history and government requirement. Arrangements for the examination are made at the BYU Testing Center, B-280 ASB.)

Biological Science

A student must complete a minimum of 6 semester hours selected from the following approved courses:

Agricultural Economics, Agronomy and Horticulture and Animal Science
- 105 (3) Agricultural Science and Industry

Biological and Agricultural Education
- 200 (3) Principles of Biology

Botany. All courses with numbers below 469, except 161 and 377

Honors
- 213R (3-5) Biology

Microbiology. All courses with numbers below 490, except 391 and 392

Zoology. All courses with numbers below 490, except 381

English Composition

Each student must earn 3 semester hours by completing English 111 during his freshman year. He must earn an additional 3 hours by taking Philosophy 105 during his sophomore or junior year, or English 212, 215, or 251 during his sophomore year, or English 316 during his junior year. The student's major department will designate which of the latter courses he should take.

Health

This requirement may be satisfied by completing 2 semester hours of approved course work or by special examination arranged for with the Department of Health Sciences. Health 130 and (for nursing majors only) Nursing 106 and 156 are the courses approved to fill the health requirement. Students majoring in elementary education may take Health 361, while students majoring in secondary education may take Health 362, to fill the health requirement.

Humanities and Fine Arts

A student must complete a minimum of 6 semester hours selected from the following approved courses:

Art. All courses in art history and appreciation and—
- 101 (2) Introduction to Art
- 102 (2) Basic Design for Nonmajors
- 103 (2) Drawing for Nonmajors
- 104 (2) Sculpture for Nonmajors
- 105 (2) Ceramics for Nonmajors
- 106 (2) Crafts for Nonmajors
- 107 (2) Painting for Nonmajors
- 109 (2) Design for Technology
- 110 (2) Design for Everyday Life
- 205 (2) Advanced Ceramics for Nonmajors
- 206 (2) Advanced Crafts for Nonmajors
- 207 (2) Advanced Painting for Nonmajors
- 311, 312 (3 ea.) Survey of Art and Architecture
- 415 (2) Special Topics in Art History

Classical Civilizations
- 341 (2) Greek and Roman Mythology
- 342 (2) Oriental Mythology
- 441 (3) Greek Literature in English Translation

442 (3) Latin Literature in English Translation

Communications
- 101 (2) Introduction to Mass Communication
- 201 (2) The Communications Process

English. All undergraduate literature courses except 251

Foreign languages. All undergraduate literature courses

Humanities and Comparative Literature. All courses with numbers below 490

Interior Design
- 240 (3) Introduction to Interior Design
- 330 (3) History of Residential Interior Architecture and Furnishings to 1900
- 331 (3) Residential Interior Architecture and Furnishings from 1900
- 430 (3) Advanced History of Residential Interior Architecture and Furnishings

Music
- 101 (3) Introduction to Music
- 103 (2) Survey of Music Literature
- 484, 485 (3 ea.) History of Music

Philosophy. All courses under 448R, except 105, 205, 305, 354, and 355

Speech and Dramatic Arts
- 101 (3) Speech Communication
- 102 (2) Introduction to Public Speaking
- 115 (2) Introduction to the Theatre
- 121 (3) Voice, Diction, and Interpretation
- 301 (2) Business and Professional Speaking

Physical Education

A minimum of 2 semester hours, selected from any of the Physical Education 100-series courses, will satisfy the physical education requirement. One-half credit hour should be taken each semester in the freshman and sophomore years. Students expecting to complete this requirement with credit for military service or through other University-approved programs should check with the Graduation Office, B-150 ASB.

Students who will complete the requirements for a commission in either the army or the air force on the basis of the outlined four-year program at BYU are not subject to the physical education requirement. Students who withdraw from either of the four-year programs after a minimum of two years are exempt from one credit of physical education. Students qualifying for exemption must provide the Evaluation Office, B-150 ASB, with written verification from the ROTC program.

Physical Science

A student must complete a minimum of 6 semester hours selected from the following:

Chemistry. All undergraduate courses

Geology. All undergraduate courses, except 312, 410, and 496

Physics. All courses with numbers below 471 except 391 and 392

Statistics
- 221 (3) Principles of Statistics

Religion

One religion class is required for each full-time enrollment of 10 semester hours or more (by an undergraduate student) at BYU until a total of 14 semester hours in religion has been earned towards a baccalaureate degree or 10 semester hours towards an associate degree. Part-time students must complete one religion class for every 16 hours of BYU credit completed.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. In computing the 14 semester-hour total requirement, no more than 3 hours of religion credit at BYU or elsewhere will be counted from any one quarter or semester. The required religion courses will be 2 hours per semester for freshmen, sophomores, and juniors and 1 hour for seniors.

Book of Mormon. All undergraduates must obtain college-level credit for the equivalent of 4 semester hours in the study of the entire Book of Mormon. Those courses that fill this requirement at BYU are: Rel. 121 and 122; Rel. 421 and 422; Rel. 121 and 422; or Rel. 421 and 122. Returned missionaries and junior and senior transfer students are encouraged to take 421 and 422.

Transfer Credit from LDS Colleges and Institutes. A student may transfer religion credit to BYU to meet the general education requirement in religion. No more than 3 hours of religion credit from any one quarter or semester will be counted toward the religion requirement. A transfer student will be required to complete one religion class per semester at BYU until such time that the transfer religion credit and the BYU religion credit satisfy the 14-semester-hour requirement.

Institute credit will be accepted only if the institute director certifies that the course was taken for institute credit, and was in conformance with college standards.

Students Required to Study Off Campus. If a student is required to study off campus as a part of his degree requirements, he is required to register for religion during that semester through Home Study, a BYU continuing education center, or LDS Institute.

Bible Credit from Non-LDS Colleges and Universities. Bible credit from accredited non-LDS universities and colleges **will not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.

Credit Completed at Centers for Continuing Education. A student must complete one religion class for every 16 hours of academic credit completed at BYU centers for continuing education.

Requirements for Second Baccalaureate Degree Candidates. Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester. The Book of Mormon requirement must also be satisfied.

Social Science

A minimum of 5 semester hours must be completed from the following approved courses:

Agricultural Economics
- 112 (3) Economics and Agriculture
- 350R (3) Land and Range Economics
- 355 (3) Rural Development Economics
- 450 (3) Natural Resource Economics

Anthropology. All undergraduate courses

Archaeology. All undergraduate courses

Asian Studies
- 101 (3) Introduction to Asia

CDFR
- 210 (3) Child Development
- 360 (3) Achieving Success in Marriage
- 361 (3) Family Relationships

Economics. All undergraduate courses

Geography. All undergraduate courses

History. All courses with numbers below 485, except 170

International Relations
- 499 (3) Senior Seminar

Political Science. All undergraduate courses, except 301 and 303

Psychology. All undergraduate courses, except 370 and 374

Recreation Education
- 337 (2) Philosophy of Recreation

Sociology. All undergraduate courses, except 205 and 206

University Studies
- 107 (3) Contemporary Indian Affairs

OTHER REQUIREMENTS

Each student must complete one of the two following options:

Language

Successful completion of a 201 foreign-language course

(intermediate level) or its equivalent. This requirement may also be filled by the successful completion of a 301 foreign language class, or any more advanced language, literature, or culture class in a particular foreign language.

Mathematics, Statistics, Logic, and Science

Six semester hours selected from the following courses:

Botany
- 201 (4) Introduction to Biology
- 376 (3) General Genetics

Career Education
- 115 (1) Practical Decision-Making

Chemistry
- 105 (4) General College Chemistry
- 111 (3) Principles of Chemistry

*Computer Science
- 130 (3) Introductory Computing
- 131 (3) Scientific Computing
- 132 (3) Computer Organization and Programming I
- 133 (3) Business Computing

*Only one computer science class may be used in the mathematics-statistics-logic-science area.

Economics
- 488 (3) Introduction to Econometrics

Geology
- 311 (3) Structural Geology

Mathematics. All undergraduate courses numbered 105 or higher

Microbiology
- 201 (4) Introduction to Biology
- 331 (5) Microbiology

Philosophy
- 205 (3) Logic and Language
- 305 (3) Intermediate Logic

Physics
- 105 (3) Introductory Physics
- 110 (3) The Development of Scientific Thought
- 300 (3) Philosophical Foundations of Modern Physics

Psychology
- 374 (3) Experimental Psychology

Statistics. Any undergraduate course from the Department of Statistics having a prerequisite of Math 105 or higher.

Zoology
- 201 (4) Introduction to Biology
- 321 (2) History and Philosophy of Biology
- 376 (3) General Genetics

TRANSFER CREDIT EVALUATION

All transfer credit that represents college-level work from accredited institutions will be accepted. Students who transfer to BYU will have their transcripts evaluated by the Transfer Evaluation Office and will be notified in writing of the general education requirements remaining to be completed.

BYU has generally followed a pattern of course-for-course equivalency evaluation, evaluating credits on the basis of BYU general education programs and accepting all transfer credit for courses reasonably equivalent to BYU courses. If a student at another accredited institution takes a course that counts in a given general-education area at that institution, we, in our evaluation, allow that course to count in the same area.

The chairman of the student's major department evaluates other transfer credit for classes that may be used to meet major or minor requirements.

Policy on Holders of the Associate Degree. The University's policy for a student with an associate degree who transfers to BYU is as follows: If the procedure for earning general education credit at his junior college is similar to that followed by BYU and if the student has fulfilled some requirements in all areas and does not lack more than 5 hours in reaching the BYU total-hour requirements in general education, the student will be admitted to BYU with general education requirements considered completed.

GRADUATION

Baccalaureate Degree

Credit Requirements. A candidate for a bachelor's degree must complete a minimum of 128 semester hours of credit.

Upper-Division Requirements. A minimum of 40 semester hours of upper-division credit (classes numbered 300-599) is required for a bachelor's degree.

Major Requirements. A student must complete at least 20 semester hours in his major department, 10 of which must be earned on the BYU campus. He must also satisfy any additional departmental requirements.

Residence Requirements. At least 30 semester hours of credit taken in residence at BYU are required for a bachelor's degree. A maximum of 10 semester hours earned at BYU centers for continuing education or at an LDS Institute may be applied toward this 30-hour requirement. A student must register and be on campus during two semesters—not necessarily consecutive—to satisfy the residence requirement.

Second Bachelor-Degree Requirements. A student will qualify for a second bachelor's degree when the following requirements are satisfied: (1) BYU general education requirements, (2) major requirements, (3) minor requirements, (4) residence requirement of 30 additional hours beyond the first bachelor's degree, (5) religion requirements, and (6) all other graduation requirements set forth in the catalog for bachelor's degree candidates. An additional 30 hours beyond the last degree including a minimum of 10 hours within the major are required.

General Education Requirements. A candidate for a bachelor's degree must satisfy the following general education requirements:

Area Requirements	Semester Hours Required
American history and government	3
Biological science	6
English composition	6
Health	2
Humanities	6
Physical education	2
Physical science	6
*Religion	14
Social science	5

One of the two options described below:

Mathematics, statistics, logic	6
Foreign language	8 hours of advanced credit

*Two hours of religion are required per semester (8½ hours or more) in residence, including Spring and Summer terms, for freshmen, sophomores, and juniors. One hour per semester is required for seniors. Part-time registration at BYU or a continuing education center requires one religion course for each 16 hours. No more than 3 hours of religion credit at BYU or elsewhere will be counted for any one quarter or semester.

Book of Mormon 121 and 122 are required of all students. Religion 421 and 422 are offered for returned missionaries and transfer students as a substitute for this requirement.

See the section entitled "General Education Program" for additional and more detailed information.

Grade-Point-Average Requirement. All degree-seeking students must achieve at least a 2.00 (C) cumulative grade-point average by the beginning of the semester in which they plan to graduate. A 2.0 grade-point average must also be maintained during the last semester to graduate officially from BYU. Transfer students must have at least a 2.00 (C) grade-point average for both their residence credit at BYU and for their total college credit.

Correspondence Credit. A maximum of 36 semester hours of correspondence credit may be applied toward fulfillment of the 128 semester-hour requirement for a baccalaureate degree.

"D" Grade Credit. Not more than 18 semester hours of "D" grade credit may be applied toward completion of the bachelor's degree requirements, nor more than 10 semester hours of "D" grade credit for the associate-degree requirement.

Associate Degrees

Upon completion of an approved two-year curriculum, the Associate of Science degree or the Associate of Arts degree will be awarded at the regular University graduation exercises. A minimum of 64 semester hours of credit is required (Nursing requires 73 hours). A candidate for an associate-degree must satisfy the following general education requirements:

	Associate of Science	Associate of Arts
English	6	6
American History	3	3
Health	2	2
Physical education	1	1
Humanities	2	3
Biological science	2	3
Physical science	2	3
Social science	2	3

One religion class is required per semester in residence, including Spring and Summer terms. Religion 121 and 122 or 421 and 422 are required of all students.

Exceptions:

1. Two-year Engineering Technician students are not required to complete the biological science and social science general-education groups.
2. Nursing students are not required to complete the humanities general-education group or Health 130.

Of the total of 64 credits, at least 20 must be taken in residence; a total of 12 credits may be taken by correspondence. However, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at a BYU center for continuing education or an LDS Institute as a matriculated student will satisfy the residence requirement for the two-year program. A maximum of 10 "D" credits will be accepted, but both cumulative and BYU grade-point averages of 2.00 or above are required. Students completing one of these programs may, if they desire, continue their work toward a baccalaureate degree.

For specific programs in fields offering associate degrees, see the "List of Courses" section of the General Catalog.

JUNIOR ENGLISH PROFICIENCY EXAMINATION

Passing the Junior English Proficiency Examination is a graduation requirement that should be met during the junior year, preferably as soon as the student is eligible. Clearance for graduation must be accomplished at least one month prior to graduation. To be eligible for the examination, a student must have completed his freshman English requirements and have at least 64 semester hours of credit.

A grade of B- or better from on-campus classes in English 212, 215, 251, or 316 (earned after September 1, 1971) will satisfy the Junior English Proficiency Examination requirement. The intent of this provision is not to waive the requirement but to have the student fulfill it by writing several good in-class essays under examination conditions. Failing to do that, the student may not be awarded a grade above C+, regardless of whatever excellence he may otherwise achieve in the class. Such is the importance the University places upon unaided, impromptu writing.

The examination is offered twice each semester on dates announced in the calendar; admission is by appointment card only. Students may obtain the cards —which specify time, place, and other pertinent information—from their own college advisement center and should plan to take the examination early enough so that they are not involved with it near graduation time (junior students always will receive preferential consideration for appointments).

The examination is free at scheduled times but may be taken at other times upon payment of a $10 fee.

Students who fail the exam should undertake some significant remedial study, either independently with or without a tutor or by registering for English 15, "Remedial English for Juniors," which is offered each block.

The Junior English Proficiency Examination is a standardized test that measures comprehensively the full range of skills involved in good writing and effective, appropriate expression. In one section of the test the student is asked to deal with weaknesses in a composition. From a list of four choices, he selects the revision which best solves the writing problem. In another section of the test the student is asked to write a theme on a topic supplied by the examiner. The theme tests the student's ability to limit, organize, and develop a topic, and to use the language competently. The test dates are September 14, 1974, and November 2, 1974.

New Academic Information

UNDECLARED SCIENCE MAJORS

A new category, Science Fundamentals, has been established in three science colleges and General Studies for undeclared science majors. The major code number is 922. These categories have been established because many students are interested in science but not yet able to commit themselves to a specific major and because if they do not include certain fundamental subjects in their first semester of study they will extend the time required to graduate. Therefore, students unsure of a major but interested in science should enroll in the category of Science Fundamentals in the appropriate scientific college (Biological and Agricultural Sciences, Engineering Sciences and Technology, or Physical and Mathematical Sciences), or in the College of General Studies. The necessary information about the fundamental subjects that students should study will be provided by the Advisement Center in that college.

ASSOCIATE DEGREE IN PUBLIC HEALTH A NEW INDIAN PROGRAM

A new Associate of Arts degree in public health is being offered. Although the course work for the degree will be interdisciplinary, the Department of Health Science will have administrative responsibility for the program. This 62-hour degree will include 32 hours of general education requirements and 32 hours devoted to the public health curriculum. The public health curriculum will have 18-22 hours of core classes and 12 hours in one of four specialty areas: alcoholism, mental health, nutrition, and sanitation and public health. The program will consist of both on-campus education and supervised internship experience.

Although this degree will be available to all students, this program is tailored especially to suit the needs of Indian students and their reservation communities. There is a rapidly increasing need among

the allied health professions for college-trained people with less than a baccalaureate degree. This program will allow students to attend college for fewer than four years and still obtain a degree in an area of employment demand. The program will include contractual agreements with tribal leaders for guaranteed employment to Indian students upon graduation.

LANGUAGE PROFICIENCY ADVANCEMENT PROGRAM

Under the new proficiency advancement program at Brigham Young University, students studying French, German, and Spanish may achieve basic objectives as rapidly as they like and may earn from four to eight hours of language credit in one semester. Several sections of 101 and 102 classes are offered at the same hour. Students who have had one year of high school language or who are highly motivated and eager to learn a language as rapidly as possible should enroll in the first section listed at each of these hours. Section transfers and adjustments will be made during the first few weeks after registration so that each student can learn at a speed and at a level commensurate with his language background and his ability and desire to learn.

Grades will be given for each lesson completed. If a student is dissatisfied with his grade for any one lesson, he may study harder and retake the examination to improve his grade. Grade-improvement examinations must be taken prior to the completion of the next lesson. Students who find the pace too fast in one class may choose to transfer to a slower section. Help sections will be provided for students who are experiencing difficulty with some aspect of their language study. Special classrooms are reserved for testing purposes and for practicing conversation. For further information, consult the language department involved.

UNIVERSITY STUDIES 300R INDEPENDENT GROUP STUDIES

A group of students who have an intense desire to study a particular area of intellectual activity organize themselves into a class. They determine the bibliography, the number and types of critical and interpretive papers they will write, establish clear criteria for determining grades, and choose their own meeting schedule and place for their discussions. The size of the groups will probably vary anywhere from 5 to 20. The department chairman, a faculty sponsor, College Curriculum Committee, and Dean of the College most concerned with the area of study review the course proposal, and if approved, the group is then on its own. The students direct their own discussions and as a group, assign final grades to each class member. It is anticipated that faculty involvement will be minimal and in an advisory (rather than teaching) capacity.

Students should insure that their proposed course in no way competes with an existing course offering of a given department.

Application forms may be obtained from the Department of University Studies, 135 BRMB.

HEALTH REQUIREMENTS FOR EDUCATION MAJORS

Effective September 1, 1973, education majors who complete Health 361 or 362 are exempted from Health 130, the general-education requirement.

ASSOCIATE DEGREE RELIGION REQUIREMENT

One religion class is required for each full time enrollment of 10 semester hours or more at BYU by an undergraduate student until a total of 14 semester hours in religion have been earned towards a baccalaureate degree, or 10 semester hours towards an associate degree.

BACCALAUREATE DEGREE IN FAMILY STUDIES

This program is designed for students who want a composite major in the College of Family Living without a teaching certificate. It is ideal for the student who is seeking to develop skills for the enrichment of family life and who is not concerned with preparing for a specific career or occupation. This program is also suggested for those students who would like to major in the college but have not yet decided upon which department.

The requirements for this major are as follows: (1) completion of the University general education requirements as outlined in the General Catalog, (2) a minimum of 36 credit hours in three (minimum of 12 hours in each) of the following five departments: Child Development and Family Relationships, Clothing and Textiles, Family Economics and Home Management, Food Science and Nutrition, and Interior Design, and at least one class in each of the two remaining departments.

Students needing advisement or information are referred to the College of Family Living Advisement Center, 206 SFLC.

ASSOCIATE DEGREE IN PLANNING-CARTOGRAPHIC TECHNOLOGY

An associate degree in planning-cartographic technology is offered within the Geography Department. This degree is designed to prepare individuals for employment in various agencies—federal, state, and local—and in private business and industry, where formulation of maps is an important activity. The program provides instruction in the basic skills of cartography, field mapping, visual presentation, and general background in related areas applicable to planning and related fields. Additional information is listed in the Geography section of the General Catalog.

Graduate School Information

GRADUATE SCHOOL

It is the responsibility of each graduate student to know and conform to both the general regulations of the Graduate School and the additional requirements of his department. These general regulations may change from year to year. Students should consult the Graduate School Catalog each year to be aware of current regulations.

ACADEMIC STANDARDS

A grade-point average of 3.0 for all credit applying toward the degree is required of any student earning a degree in the Graduate School. An incomplete is considered a failing grade and is averaged in the grade-point average as a failing grade in the semester received. No "D" credit can apply toward a graduate degree. A degree-seeking student (regular or provisional) whose grade-point average falls below 3.0 for a given semester shall be placed on academic probation. Two semesters on probation can cause a student to be suspended. **Incompletes must be made up during the succeeding semester to have probationary status removed.** To remove probationary status, a student must submit an unofficial transcript or grade change to the Office of the Graduate Dean (B-336 ASB).

DEADLINES FOR GRADUATE SCHOOL APPLICATIONS

	Degree	Nondegree	International Student
Fall Semester 1974	June 30	July 15	April 30
Winter Semester 1975	Nov. 15	Dec. 10	Sept. 15
Spring Term 1975	March 10	March 20	Jan. 10
Summer Term 1975	May 15	May 30	March 15

GRADUATE CREDIT FOR SENIORS

If, during the last semester of the senior year, a candidate for a baccalaureate degree finds it possible to complete all requirements for such a degree, he may register for graduate credit. A Senior Form (provided by the Office of the Graduate Dean) stating that all baccalaureate requirements are being met during the current semester must be signed by the appropriate undergraduate dean and presented to the dean of the Graduate School at the time of such registration.

Under the three-year master's degree programs, the departments are authorized to make a special arrangement in which a limited amount of graduate work is taken before the final semester of the senior year.

CONTINUOUS REGISTRATION

When a student is admitted to a degree program, it is expected that he will work continuously and will register in that program until all requirements are completed. Normally a student will register each semester for a minimum of two semester hours of credit in work filed as part of his approved graduate program. Each student must meet the following minimum requirements:

1. Complete at least six hours of approved program credit during each academic year (September 1 to August 31) or pay an equivalent continuous registration fee.
2. Register for at least two hours of approved program credit during any semester or term in which University personnel are consulted or facilities are used.

If a student is suspended for failure to meet the continuous registration requirement, no more than ten semester hours of credit previously acquired may be applied towards a new degree program if the student reapplies.

Every international student must register for **nine** (9) credit hours **each** semester.

SPECIAL EXAMINATIONS

Under certain circumstances graduate students who are working in degree programs at BYU may need to have certain of their credits certified by special examination. Payment for these examinations must be made in advance and in an amount equivalent to ordinary registration fees for the amount of credit to be obtained. This arrangement applies specifically to the following situations:

1. Graduate credit (taken at Brigham Young University or at another accredited university in the United States) outdated under the time-limit regulations.
2. Graduate credit that a student desires to transfer from a nonaccredited institution or from a foreign university.
3. Challenge of credit on the course outline for students who already have a good background in a required subject.

Applications for these special examinations can be obtained in the Office of the Graduate Dean.
